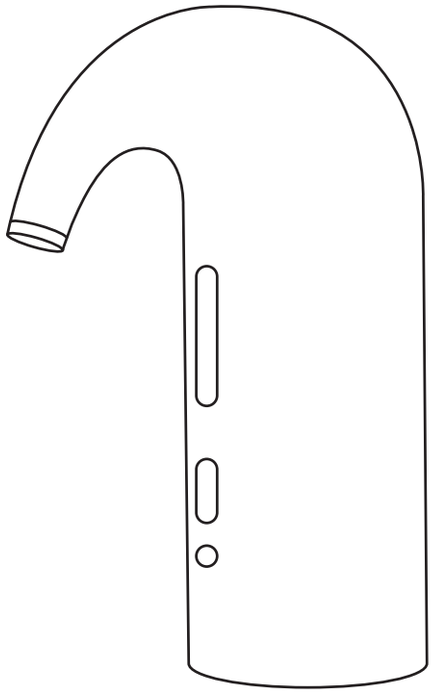
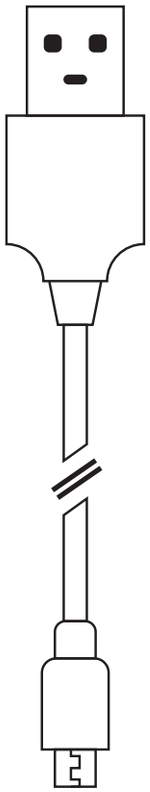
# Parts Identification

VINFLOW
Wine Pump

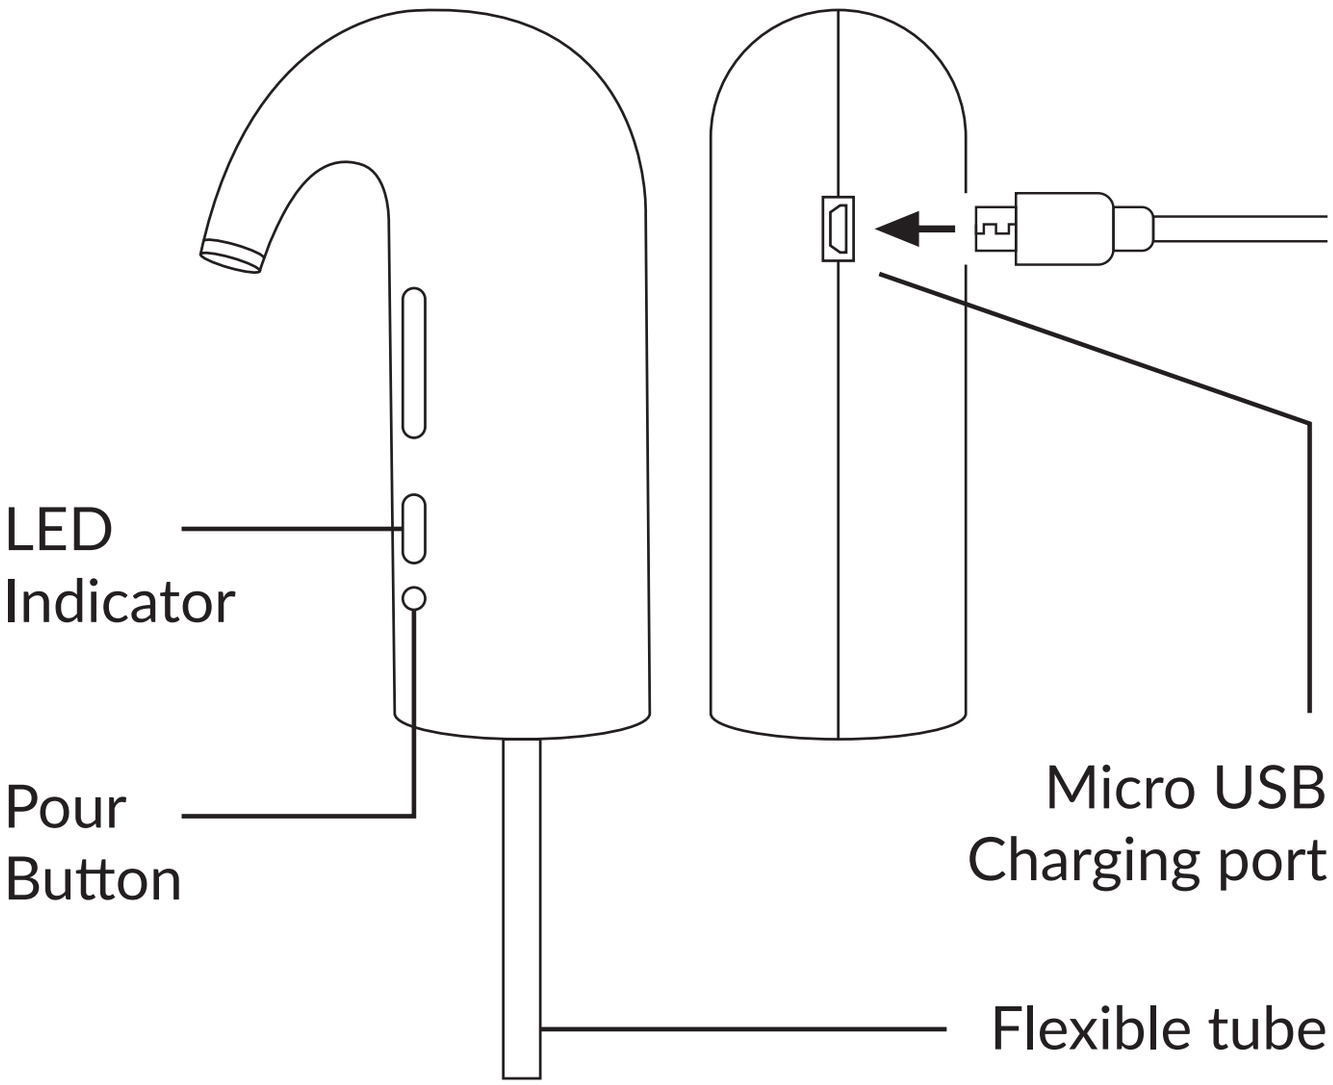


2 x Flexible
Tube

USB Charging
Cable



# Functions



LED
Indicator
Pour
Button
Micro USB
Charging port
Flexible tube

# How to Use

- Attach the flexible tube to the bottom of the VINFLOW.

- Place the VINFLOW on a bottle of wine, making sure the tube is inside the wine bottle.

- Press and hold the Pour button for 2 seconds to turn it on, and it will start pouring right away. When in standby mode, simply press once to start pouring.

- Press the Pour button again to stop pouring.

- The VINFLOW will stay standby for 30 seconds, after automatically shutting down.

- The indicator light will display red during pouring and switch to blue when in standby mode.

# Cleaning

After use, the tube and the device should be flushed to ensure no wine residue remains.

- Place the tube in a glass of water and another glass at the pour mouth.

- Follow the normal pouring procedure to flush the VINFLOW and its tube.

# Specifications

| | |
|---|---|
| **Battery:** | 1500 mAh |
| **Charging Time:** | 4 hours |
| **Dimensions:** | 17.0 x 7.0 x 11.5 cm (6.7 x 2.8 x 4.5”) |
| **Weight:** | 305 grams (10.76 oz) |

# Troubleshooting

**Problem:** The VINFLOW does not turn on.

*Solution:*

- The battery needs to be recharged. Connect the VINFLOW to the USB Charging cable and USB power outlet.
- Make sure to press and hold the Pour button for about 2 seconds, to turn it on when the VINFLOW is off.

**Problem:** The VINFLOW does not pour any wine when turned on.

*Solution:*

- The tube is not reaching the wine level in the bottle. Make sure the tube is not folded and there is sufficient wine left.
- The tube is blocked. Clean any debris or obstructions.

# Safety information

- Make sure the device is securely fitted to prevent any leaks during operation.
- Ensure the bottle opening is clean and free from debris before attaching the device for optimal performance.
- After each use, detach the device from the bottle and rinse it with warm water.
- Use a soft cloth or sponge to clean the device, avoiding abrasive materials or harsh chemicals.
- Dry the device thoroughly before storage.
- Store the device in a cool, dry place, away from direct sunlight.
- Do not continue to use the device when it shows any signs of damage or malfunctioning.
- Keep the device out of reach of children.
