# Install Beast OGG Soft Goods Kitchen Backsplash Organizer

## 1. Install OGG Kitchen Backsplash Organizer

a. Align the top edge of the organizer with the outlet installed on the galley backsplash, approximately 5" down from the lower edge of the microwave unit, (Figure 1) then use (1) wafer screw to secure the top right corner of the organizer. (Figure 2)

Figure 1

Figure 2

b. Tension the organizer to the left and start (1) wafer screw through the grommet and into the top left corner of the caddy. (Figure 3)

Figure 3

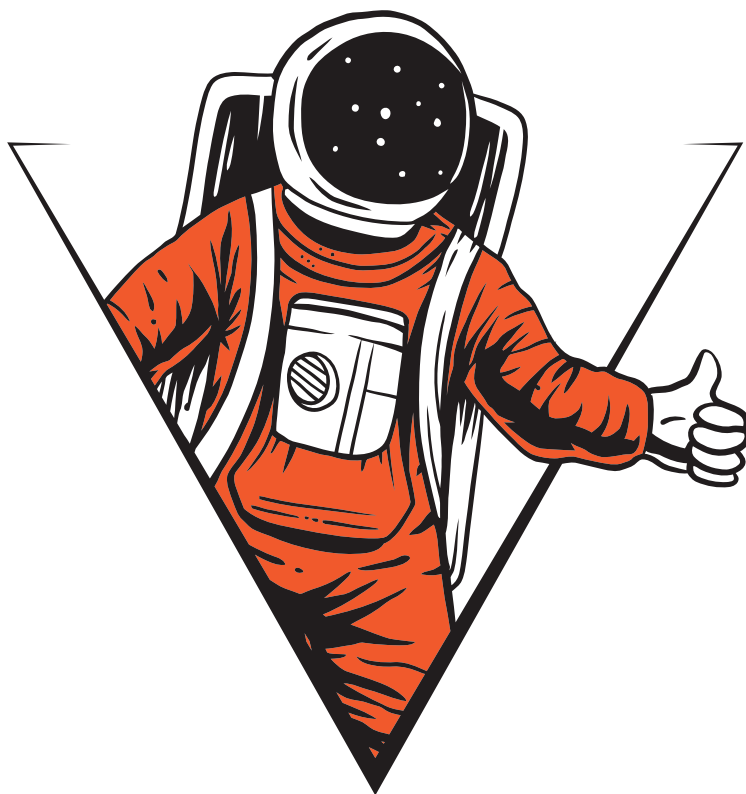

Figure 4

c. Then move to the bottom left corner and tension the caddy, making sure the caddy stays vertical with the backsplash edge on the side and secure that corner using (1) wafer screw. (Figure 4)

d. Tension the bottom right corner of the caddy and secure it in place with (1) remaining wafer screw. (Figure 5) This completes the install of the kitchen backsplash organizer.
