

Grab your favorite markers, crayons, pencils or paints and let's color Poe!

Get to know Poe!

Poe is a thoughtful soul. His role on the ISO11 is to create images of things that the ISObots see on their journey. Like Amii, his artwork is very practical until he visits Earth. Then he starts to create landscape paintings, which he has never done before. He discovers that trees are beautiful things, and he decides that he will plant as many trees as he can to create beautiful landscapes that everyone can enjoy.
