

Comet Ultra

**BUILT TO SUPPORT WITH PERFORMANCE
AND RELIABILITY**

Ideal for those with larger body shapes, the Comet® Ultra offers a secure, supportive and powerful driving experience without compromising on style or functionality. The Comet Ultra will get you to your destination quickly and efficiently, in complete comfort and control.

Yes, you can.®

**Making Life's
Experiences Possible**

Comet Ultra

The safety and stability of the Comet Ultra is never a concern; even for users weighing up to 220kg. Developed with the highest quality components and safety features, the Comet Ultra makes a trustworthy companion no matter where you go. Furthermore, its flexibility and adaptability means you can customise your scooter to suit your unique style and individual preference.

The special contoured Ultra Seat has been developed in conjunction with therapists to ensure an optimum seating position and increased comfort. In addition, a pneumatically adjustable lumbar support allows for further comfort when seated if and when required. The reinforced seat base and adjustable armrests offer excellent support and allows the use of the armrest as additional support when getting on and off the scooter.

Features

LCD dashboard for clear, easy to read information.

Improved suspension to offer superior comfort to larger individuals.

Reinforced seat column offers additional stability and safety when seated.

Reinforced height and width adjustable armrest.
