

Pegasus Pro

COMFORT, SAFETY AND RELIABILITY WITH ADDED PERFORMANCE

With enhanced battery performance, superior suspension and large 12" wheels, the Pegasus PRO is ideal for users who need that extra performance. comfort, safety and reliability features to make it the ideal choice for users who demand more.

**Making Life's
Experiences Possible**

Yes, you can.®

Pegasus Pro

The advanced suspension system on the Pegasus PRO has been designed to bring better performance and give a smoother ride over a variety of surfaces and terrains. In addition, the Pegasus PRO features a powerful motor and 12" pneumatic tyres to ensure that whether you are in the city or the country, you get where you need to go in comfort and style.

An on-board electronic speed reduction system automatically reduces speed around bends, ensuring users are confidently making safe, comfortable manoeuvres. Furthermore, a two-step disengaging lever prevents the scooter from free-wheeling if it is knocked out of drive mode.

The electronics and motor have additional protection to guard against water and corrosion, safeguarding the vital workings of the scooter against any unnecessary malfunctions.

Features

Users can easily adjust the tiller with a lever to suit their needs.

Ergonomically designed steering system makes for easier, more responsive control.

Ensures immediate braking if required.

Clear, bright brake lighting warns people that the scooter is slowing down.

Dashboard configuration.
