

Alegio NG

OPTIMISED COMFORT

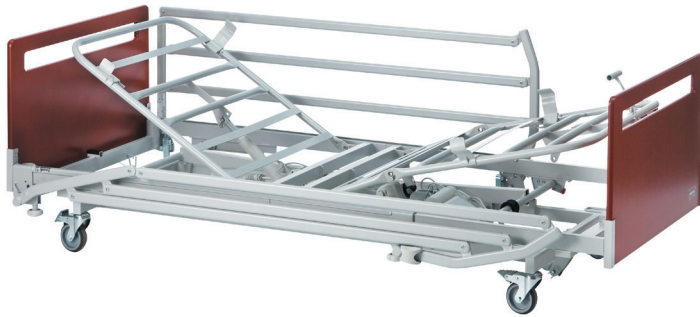

The Alegio NG fits easily into any home care or institutional environment. The lowest position means that shorter or more unstable users can easily and safely get up, or out of, the bed. The maximum height, at 80 cm, ensures healthy working conditions for care staff.

Yes, you can.®

Making Life's Experiences Possible

Alegio NG

- **Large under bed clearance** - Good for OBT's and Lifter access.
- **Optimised mattress sections** - Fits 99% of adult western population.
- **Compliant with IEC 60601-2-52** - Safety first for patient and carer peace of mind.
- **Tool-less assembly** - Easy to install by hand, with no loose parts and assemble and a quick release bracket between the base and the mattress platform.
- **Slat deck design** - Improved infection control and reduces wear and tear on mattresses.
- **Adjustable height range of 28 - 80 cm** - The lowest position allows shorter patients to easily and safely get up, or out of the bed.

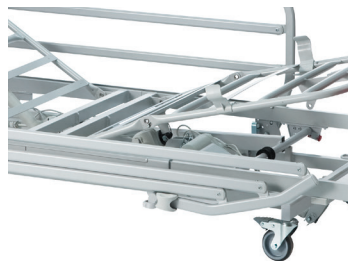

Features

Removable head and foot boards.

Two electrical function with manually operated leg section.

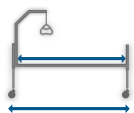

Tool-less assembly

Easy to store and to transport when placed on the transport kit.
