

Dishwasher Tablets

The most compact Dishwasher Tablet range on the market our Dishwasher Tablets optimise transport to limit CO2 emissions. To put this in perspective, for every 5 trucks of standard 20g tablets, our tablets only use 3 trucks!

Code	Description	Config.
BDWT30	Dishwasher Tablets	8 x 30tabs

Our concentrated formula gives great results and pairs perfectly with our Rinse Aid in hard water areas.

- ✓ 100% Plastic Free
- ✓ Zero Waste – 100% FSC recycled cardboard box
- ✓ Individually wrapped biodegradable water-soluble wrappers tested against ASTM D6691
- ✓ No water used in production
- ✓ Free from preservatives

Our tablets are currently manufactured in the EU on a temporary basis. When we have built up the demand to justify investment into our own machinery, we can then bring production in house where all our other products are made.
