## 目录

# I Software Introduction

The software has the following main functions:

Freely design the graphic pattern to be processed

Support for TrueType fonts, single line fonts (JSF), dot matrix fonts (DMF), 1D barcodes and Two-dimensional barcodes such as DataMatrix

Flexible variable text processing, changing text in real time during processing, and directly reading and writing texts dynamicallyPieces and Excel files

Powerful node editing and graphical editing for curve welding, cut and intersection operations

Supports up to 256 pens and can set different processing parameters for different objects

Compatible with common image formats (bmp, jpg, gif, tga, png, tif, etc.)

Compatible with commonly used vector graphics (ai, dxf, dst, plt, etc.)Ability to import 3D models in stl, dxf format

Commonly used image processing functions (grayscale conversion, black and white map conversion, dot processing, etc.), can be performed 256

Grayscale image processing

Powerful padding to support multiple fill types

A variety of control objects, users can freely control the system to interact with external devices

Projection marking of the top view for 3D model files

Layered marking for 3D models

# ${\rm I\!I}$ Software Installation

## 1. Driver Installation

(1) .Connect DLC board with computer, then open the device manager of computer, as shown below and right click this board device to update driver.

<u> </u>	
BJJCZ-Boris	
<ul> <li>BJJCZ Device</li> </ul>	
Laser Mark Control Board : DLC Version 1	
> 📹 IDE ATA/ATAPI 控制器	更新驱动程序(P)
✓ 単 USB 连接器管理器	禁用设备(D)
M UCM-UCSI ACPI 设备	卸载设备(U)
> 📑 WSD 打印提供程序	中就反由(0)
> 🗖 处理器	扫描检测硬件改动(A)
> 磁盘驱动器	<b>启</b> 掛(D)
> 🍙 存储控制器	属性(R)

Laser Mark Control Board : DLC Version 1

关闭(C)

## 2. Environmental installation

Double click this exe file to install it.(if your PC has installed it,please skip this step)

<b></b> 名称	^
🖟 vc_redist.x64.exe	

## 3. Ezcad3 license activation

Before plug in the red dongle(it looks like a U disk and there is a black sticker which has the 16 digits license number on it) on your PC,please make sure that there are no storage devices such as USB flash drives on the computer, except the computer hard drive.

Our red dongle could be activated for 5 times, but if you don't use the red dongle, then it could be only activated for 1 time, please pay attention to that.

We have two activation methods, customers can choose according to their own network conditions, divided into online activation (for working computers with network) and offline activation (for working computers without network)

#### 3.1 Online activation

(1)Plug in the red dongle, then open the license manager, it is in the Ezcad3 folder. then click Activate
