## 15-Year Extended Warranty For the Long Run:

Coverage: An extensive 15 years of protection ensures your sign remains in optimal condition.

### Exclusive Benefits:

**Remote Assistance:** Anytime you need guidance, our experts are here to remotely assist you—free of charge.

**Parts:** The first 12 months come with free replacement parts. After that, parts are prorated based on a lengthy 15-year schedule.

**Price:** Upgrade for just \$79/month.

**Labor Services:** We understand that sometimes you might need a helping hand. Add labor services to your warranty at an additional cost. Let our skilled technicians handle any challenges, ensuring your LED display stays bright and vibrant.

### Protect Your Investment:

Your LED display is more than just a sign; it's a statement. With our warranty options, ensure that statement remains bold and brilliant for years to come.

We will actually move this page up.

Our Warranty - A Promise of Quality & Durability

At LED Sign.City, we don't just offer state-of-the-art LED displays; we back them with warranties designed to provide you with long-lasting peace of mind.

### 5-Year Standard Warranty:

**Coverage:** Your LED display is protected against defects and malfunctions for a solid 5 years.

**Parts:** Enjoy complimentary replacement parts during the first 12 months. From the 13th month onward, parts are prorated based on a 5-year schedule.

**Price:** Included with your LED display purchase.

## Customer Testimonials

---

### Apache Air Heat ★★★★★

This company is TOTALLY Legit!!! Best customer service out there! Shane is patient, knowledgeable and very helpful. If you are looking for an LED Sign, then I HIGHLY recommend this outfit!

---

### Gary Rice ★★★★★

Lead Pastor, Orlando, Florida.

Hey this is Gary Rice, Pastor at Evangel Assembly of God situated in Orlando, Florida. Installed this LED sign 4 years ago, we love it, our congregation likes it, the community likes it. It is a great addition to the church.

---

### Scott Podolsky ★★★★★

We love LED Sign City. Product performance is spectacular and price was affordable. Shane made the whole process simple. From choosing the correct screen size and resolution to installation and training. Thank you very much for your continuous support!

---

### David Hagan ★★★★★

Shane was a tremendous help in getting our new sign setup. He had an amazing way of simplifying the process. He was very knowledgeable about our needs. We are excited to be working with SignCity.

### City of Nitro Putnam - Kanawha ★★★★★

Excellent customer service and tech support! Highest ratings and praise for this company's commitment to their customers. Shane was and still is a wealth of knowledge, and we feel comfortable reaching out to him when we have questions.

---

### Michael Trammell ★★★★★

Shane was absolutely the greatest. Was certainly very patient and worked with me until everything worked like it should. Customer service is hard to find these days but I certainly experienced "old fashioned" customer service today. THANKS!

---

### VJ McElroy ★★★★★

We acquired an existing dealer, and needed to update the sign. Shane was extremely helpful in this, and took him no time at all to configure what we wanted. We may consider signing up with a monthly plan to just send in what we need advertised and Sign City make the changes.

---

### Silver Creek Lanes ★★★★★

LED Sign City is amazing! We have had our sign for over 3 years now and it has been the best investment we have made with no issues. We shopped around and looked at reviews and definingly feel confident we made the right decision. Shane walked me thru how to upload images and has always returned calls quickly with any questions we have had.

---

### Gabe Moore ★★★★★

LED Sign City has been a great company to work with. We have utilized their equipment and customer service to their full potential and have been satisfied since the first training session. Shane, in support, is extremely knowledgeable, professional and patient. The few occasions we've had to troubleshoot with him, we were successful in remedying the issue.

### Georgette Craig ★★★★★

My first encounter with LED Sign City was a bit unnerving. I am not a technological person and was very worried about being able to learn how to operate our company sign. I was put at ease by my representative within 60 seconds of his call. Thank goodness he understood and has now helped me along to where I can place my own ads on our sign and be proud of what I am doing. I highly recommend this company and it's customer service is not short of perfection. The lady who was the operator made me feel just as comfortable and important and did my representative.

I'm sure I still have a long way to go but at least I know I am valued as their customer and do not have to worry about any negative feedback.

---

### Justin Sensenig ★★★★★

Sensenig's Landscaping Supply, NY.

Justin from Sensenig's Landscaping Supply 4 years ago (in 2019) purchased signs from LED Sign City for our Geneva, NY, and Rochester, NY locations. The digital sign is super bright, and you can adjust the brightness. It is very easy [software]. The LED sign also plays videos. Not only that, if you need parts or anything, the customer support has been great.
