# DESIGNED AND DEVELOPED IN SWITZERLAND

## MAXIMUM ENJOYMENT WITH MINIMUM EFFORT

As a renowned manufacturer of gas kettle barbecues, **OUTDOORCHEF** is Europe's first choice for foodies who value authenticity and quality. For over 30 years, **OUTDOORCHEF** has been setting new standards in the barbecue community. Our passion is Swissness, innovative technology and demanding design.

**OUTDOORCHEF** uses premium materials to develop innovative barbecue concepts with first-class workmanship and a carefully conceived design, down to the smallest stainless steel detail. The unique funnel system on the gas kettle barbecue guarantees optimum heat distribution, prevents unwanted flare-ups and ensures easy cleaning. The **OUTDOORCHEF** Gourmet Burner Technology allows continuous temperature adjustment: slow roasting at 80°C for the perfect fillet, low and slow at temperatures between 100 and 130°C for succulent pulled pork, 360°C for crispy pizza and up to 500°C for the wok. The Gas Safety System offers complete safety: whether rain, storms or snow – the flame keeps burning!

**OUTDOORCHEF** is synonymous with timeless, clear and minimalist design. Accolades such as the iFDesign Award 2020 and the German Design Award 2021 underline this demanding approach. For the latest generation of barbecues, **OUTDOORCHEF** has chosen sustainable and environmentally friendly materials.

Our promise: **OUTDOORCHEF** guarantees maximum pleasure with minimum effort!

THIS IS WHAT THE NAME **OUTDOORCHEF** STANDS FOR.

# MAXIMUM PLEASURE WITH **MINIMUM EFFORT**

## THE OUTDOORCHEF GAS KETTLE BARBECUE SYSTEM

### STANDARD POSITION

- Very fast heating
- Optimum heat distribution
- No flare-ups
- Easy cleaning
- Juicy meat without turning
- More time for guests

### VOLCANO POSITION

- Intense direct heat in excess of 500 °C
- Perfect for OUTDOORCHEF accessories such as the barbecue wok, cast-iron griddle plate and plancha

## EVEN HEAT DISTRIBUTION

We would rather spend time with guests than just stand by the barbecue

- Food cooked completely evenly
- Juicy meat
- No turning needed
- More time for guests

## BURNER SHIELD

We prefer flavour to a burnt taste

- No harmful flare-ups
- Full barbecue flavour
- Reduced formation of smoke and odours

## COLLECTING SYSTEM

We prefer barbecuing to cleaning

- Fat runs through the funnel into the collecting tray
- The inside of the barbecue stays clean while cooking
- Heat the barbecue up to 360 °C, brush off the grid and funnel – finished

### BARBECUING

Meat, fish and more all stay wonderfully juicy. The continuous air circulation ensures that dishes are grilled evenly all over with no need to turn the food – for full barbecue flavour without anything burning.

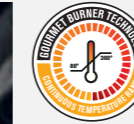

### BAKING

From crispy pizza to the beautiful aroma of freshly baked bread or delicious cakes – there are no limits to your creativity.

### COOKING

From tasty gratins to casseroles – the gas kettle replaces an entire kitchen.

## GOURMET BURNER TECHNOLOGY (GBT)\*

\*PATENT PENDING

- Continuous temperature adjustment from 80–360 °C
- Ideal for slow roasting or keeping food warm at 80 °C
- Perfect for low & slow barbecuing in a temperature range from 100–130 °C
- Grilling, cooking and baking

## GAS SAFETY SYSTEM (GSS)\*

\*PATENT PENDING

### FLAME GUARD

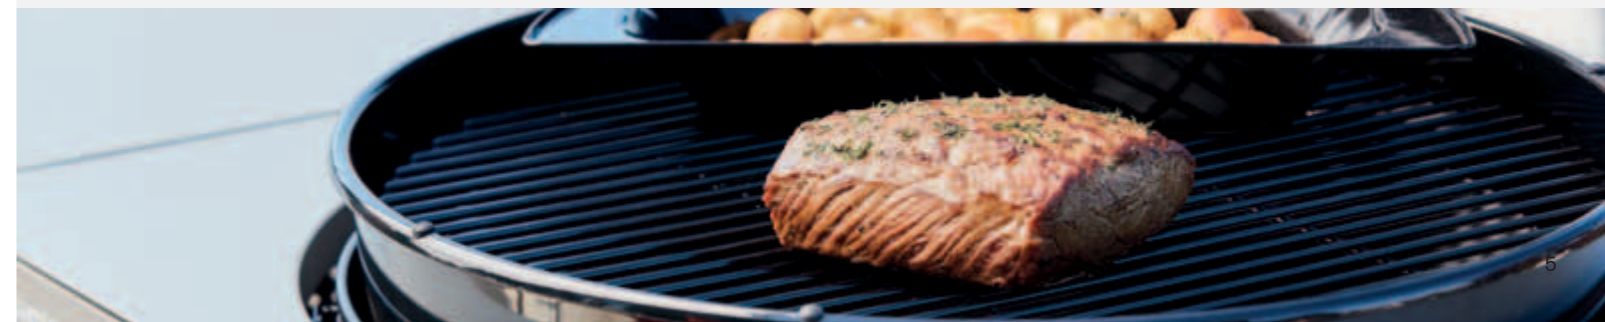

- The ignited burners are optimally protected from the weather
- This allows barbecuing at very low temperatures, even in windy weather
- Prevents gas leaks

### FLAME CHECK

- Additional, visual confirmation that the burners are ignited

### SAFETY LIGHT

- Proven safety that lights the way
- The Safety Light lights up when the valve is open

### BLAZING/COOKING ZONE KIT PLUS AROSA EVO

- COOKING ZONE PLUS, cast-iron holder, height-adjustable (3 levels)
- BLAZING ZONE® PLUS, high-performance ceramic burner 200-900°C
- Height-adjustable grid, 2 levels

### BLAZING ZONE® PLUS

- High-performance ceramic burner
- Height-adjustable grid, 2 levels
- High temperatures 600-900°C
- Medium temperatures 200-350°C

### COOKING ZONE PLUS

- High-performance side cooker
- Height-adjustable, 3 levels
- Roasting/cooking/keeping warm
- Compatible with the OUTDOORCHEF BBQ wok

# COOKING ZONE PLUS

## 1 SIDE COOKER – 3 APPLICATIONS

The **COOKING ZONE PLUS** can do much more than a regular side cooker.

While standard side cookers are usually designed for medium and high temperatures, the **COOKING ZONE PLUS** can also be used to cook dishes that benefit from slow cooking at a low heat, such as pasta sauces, soups, stews or rice dishes.

This is made possible by a completely new burner design and the option of using the side cooker at 3 different heights.

The concave shape of the solid cast-iron surface also allows the **COOKING ZONE PLUS**

to be combined ideally with the **OUTDOORCHEF** barbecue wok, which can be used directly on the surface.

### APPLICATION 1

#### HIGH HEAT

In combination with the control dial, various applications can be covered in the high-temperature range

- Searing meat, fish and vegetables

### APPLICATION 2

#### MEDIUM HEAT

In combination with the control dial, various applications can be covered in the medium-temperature range

- Searing/steaming meat, fish and vegetables
- Searing starchy vegetables, e.g. fried potatoes, rösti, etc.

### APPLICATION 3

#### LOW HEAT

In combination with the control dial, various applications can be covered in the low-temperature range

- Heating sauces, soups and stews, boiling rice-based dishes

# BLAZING ZONE® PLUS

## 1 CERAMIC BURNER – 2 APPLICATIONS

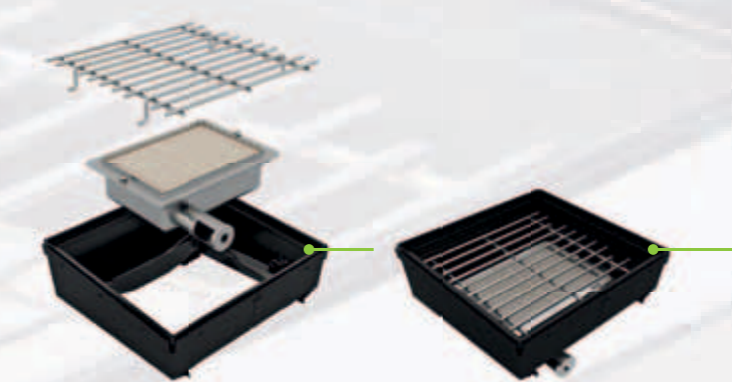

The **BLAZING ZONE® PLUS** is not a conventional ceramic burner.

Most ceramic burners are designed only for the high-temperature range (600–900°C), and their applications are therefore rather limited.

The **BLAZING ZONE® PLUS**, on the other hand, offers 2 applications for the first time thanks to the innovative **HEAT DIFFUSER** insert.

The **HEAT DIFFUSER** insert retains the heat and the special construction distributes it evenly to the barbecue grid – which means the **BLAZING ZONE® PLUS** can also be used as a regular grill surface.

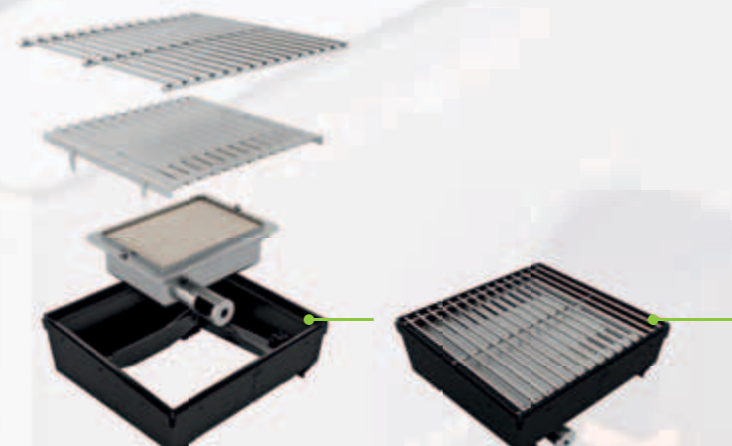

This allows you to cook not only in the high-temperature range from 600 to 900°C, but also at medium temperatures of 200 to 350°C, ensuring that even "delicate" grilled foods such as fish, poultry or sausages turn out perfectly.

### APPLICATION 1

#### HIGH TEMPERATURE 600–900 °C

- High-performance ceramic burner
- High-temperature grilling
- Perfect crust on meat
- Height-adjustable grid, 2 levels
- Perfect for lean cuts

### APPLICATION 2

#### MEDIUM TEMPERATURES 200–350 °C

- High-performance ceramic burner
- Conventional grilling

#### HEAT DIFFUSER

- Prevents flare-ups
- Distributes heat across the grid
- Perfect for fattier cuts
- Perfect for more delicate grilled food: sausages, poultry, vegetables and fish

- For any surface

## CHELSEA 480 G LH Black

Grill surface ø 48 cm | Burner 5,6 kW | Cooking height 77 cm  
Size [W x D x H] 65 x 75 x 90 cm

- Single ring-burner system, stainless steel
- Electric one-touch ignition
- Unique funnel system with even heat distribution, no need to turn the food to be grilled, no harmful flare-ups
- Porcelain-enamelled kettle, funnel and barbecue grid
- Easy cleaning
- 2 large plastic wheels for easy transport

## CHELSEA 420 G Black

Grill surface ø 42 cm | Burner 4,3 kW | Cooking height 75 cm  
Size [W x D x H] 67 x 60 x 95 cm

- Single-ring burner system, porcelain-enamelled from 0 to 360 °C in 10 minutes
- Unique funnel system for even heat distribution up to 360 °C
- No need to turn the food to be grilled
- No harmful flare-ups
- Piezo ignition
- Porcelain-enamelled kettle, funnel and barbecue grid
- Easy cleaning
- Practical and space-saving, perfect as a balcony or camping barbecue

Camping bag available as a separate accessory or included with the barbecue as a "Camping Set"

Can be extended with the Ambri Evo base frame kit

## MINICHEF 420 G Black

Grill surface ø 42 cm | Burner 4,3 kW | Cooking height 30 cm  
Size [W x D x H] 78 x 53 x 43 cm

- Single ring-burner system, porcelain-enamelled
- Unique funnel system with even heat distribution, no need to turn the food to be grilled, no harmful flare-ups
- Electric one-touch ignition
- Practical and space-saving, perfect as a balcony or camping barbecue

Base frame is available as a separate "Minichef Station" accessory

## MINICHEF 420 E Black

Grill surface ø 42 cm | Power 2,0 kW | Cooking height 30 cm  
Dimensions [W x D x H] 78 x 53 x 43 cm

- E-heat power heating system with heat reflector/reflector, 7 heat levels, temperatures up to 300 °C
- Quick heating of the barbecue
- Kettle, porcelain-enamelled barbecue grid, aluminium reflector, removable heating coil
- Removable side shelves
- Easy cleaning
- Practical and space-saving, perfect as a balcony or camping barbecue

Base frame is available as a separate "Minichef Station" accessory

## CHELSEA 420 E Black, Titanium Silver

Grill surface ø 42 cm | Power 2,0 kW | Cooking height 73 cm  
Dimensions [W x D x H] 67 x 60 x 93 cm

- E-heat power heating system with heat reflector/reflector, 7 heat levels, temperatures up to 300 °C
- Quick heating of the barbecue
- Kettle, porcelain-enamelled barbecue grid, aluminium reflector, removable heating coil
- Easy cleaning
- Practical and space-saving, perfect as a balcony or camping barbecue

Camping bag is available as a separate accessory

# CLASSIC BARBECUES

## KENSINGTON 570 C Black, Umbra Grey

- SAFETY LIGHT SYSTEM (SLS) including power supply
- A steel gas bottle (max. 11 kg) can be stowed in the base frame
- Cast-iron barbecue grids and chrome-plated warming rack
- Double-walled, enamelled barbecue hood with cast aluminium side panels and 2 integrated thermometers
- 4 castor wheels, 2 of which are lockable
- Hinged doors made of powder-coated (high-gloss) steel, accessory storage in the base frame

BLAZING ZONE (Available as a separate accessory) for searing food at up to 900°C

# DUAL GOURMET SYSTEM (DGS®)

The innovative DGS® technology was developed in Switzerland and combines two temperature zones under a single barbecue hood. The Dual Gourmet System also guarantees perfect heat distribution throughout the entire grill chamber. All of this makes the DUALCHEF unique in the gas barbecue station category.

**1 | SAFETY LIGHT SYSTEM (SLS)**  
Safety that lights the way. The SLS activates as soon as the valve is opened. The light sensor automatically adjusts the intensity of the LED lights to the ambient brightness.

**2 | DOUBLE THERMOMETER**  
For optimum support in the two temperature zones.

**3 | SIDE SHELVES**  
Foldable stainless steel shelves with incorporated tool holder. The 325 and 425 models have an additional side cooking plate.

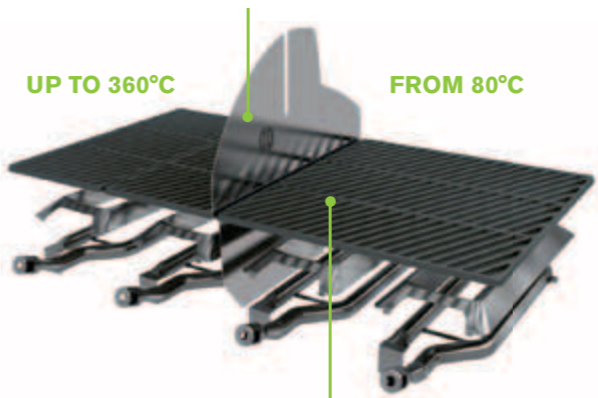

**4 | TOP-QUALITY CONTROL UNIT**  
The stainless steel framed glass with ergonomic control dials gives the DUALCHEF the appearance of a top-quality kitchen.

**5 | INTELLIGENT BASE FRAME**  
Soft-closing door system with integrated tool holder. Storage space for gas bottle and accessories. The porcelain-enamelled fat pan and collecting tray are essential for easy cleaning.

## BLAZING ZONE UPGRADE KIT

The OUTDOORCHEF BLAZING ZONE allows you to quickly sear steaks and other meat at temperatures of up to 900°C, creating a perfect crust through a process known as the "Maillard reaction". This describes the formation of the brown, very flavoursome colouring that gives the meat that typical, distinctive barbecue flavour. The struts, made from 7 mm thick stainless steel, can be adjusted to 3 different heights to guarantee perfect heat for the food to be grilled.

**DGS® ZONE DIVIDER (PATENT)**  
The grill chamber is divided into two temperature zones. This makes it possible to prepare a variety of foods at different temperatures and prevent flavour transfers.

**DGS® HEAT DIFFUSER (PATENT)**  
Directs the heat so that it is concentrated on the rotisserie, thus guaranteeing reduced gas consumption in comparison with conventional rear burners.

**1 | HEIGHT-ADJUSTABLE**  
Stainless steel grid can be adjusted to 3 levels to guarantee perfect heat on the food to be grilled

**2 | STRUTS**  
Struts made from 3 mm thick stainless steel

**3 | ASSEMBLY**  
Easy assembly. Suitable for the models: Dualchef 325G and 425G

- Material: porcelain-enamelled cast iron
- Ideal for flavouring fish, meat and preparing gratins
  - Optimum heat retention/release

## HALF-MOON TWO-PART COOKING SET

- Material: porcelain-enamelled steel
- Dish for roasts, gratins, side dishes
  - Perforated tray e.g. for vegetables
  - Ideal for steaming in combination
  - Easy-care and versatile

## GOURMET SET TWO-PART 480/570

- Material: porcelain-enamelled steel
- Pan e.g. for paella, risotto
  - Perforated plate, e.g. for pastries, vegetables, fish
  - Ideal for steaming in combination
  - Easy-care and versatile

## GOURMET SET 420, 2-PART

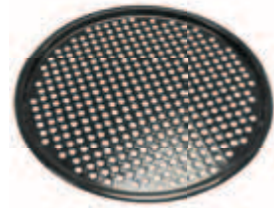

## BARBECUE WOK

Material: carbon steel, Bakelite, stainless steel, including lid and ring attachment

- Retains heat quickly and evenly
- Enables cooking at high temperatures

# PIZZAS & BAKING

## BAKING TRAY PERFORATED

- Material: powder-coated steel
- For pastry, vegetables, fish
  - Easy-care and versatile

## PIZZA CUTTER

- Material: plastic, stainless steel
- Ergonomic handle
  - Easy cleaning thanks to removable blade

## PIZZA STONE 570

- Material: artificial stone, stainless steel
- Porous surface for crispy dough
  - Optimum heat retention/release
  - Handles on both sides

## PIZZA STONE 420/480

## PIZZA PADDLE

- Material: aluminium, plastic
- Lightweight design
  - Ergonomic handle
  - Large paddle surface

# BARBECUE TOOLS & AIDS

## UNIVERSAL RACK

- Material: stainless steel, steel, porcelain enamelled
- Holder for chicken, roast meat, fish, corn, pineapple, bananas
  - Tray collects meat, vegetables and fruit juice

## TWEEZER

- Material: Stainless steel, plastic
- For delicate, smaller grilled foods
  - Long, ergonomic handle

## BARBECUE SKEWERS, SET OF 4

- Material: stainless steel
- 4-edge profile prevents rotation
  - Attachable to barbecue grid
  - Easy-care

## TONGS

- Material: stainless steel, plastic
- Good grip due to serrated, shovel-shaped design
  - With locking mechanism
  - Long, ergonomic handle

## TOOL SET STARTER

- Material: stainless steel, plastic
- Tongs for small grilled foods, vegetables etc.
  - Turner for large grilled foods and side dishes

## TURNER

- Material: stainless steel, plastic
- For turning large grilled foods and side dishes
  - Long, ergonomic handle

NEW

## PLANCHA TOOLSET

- Material: stainless steel, pakkawood (imitation)
- Tweezers for delicate grilled foods and for serving
  - Turner for large grilled foods and side dishes

## BARBECUE TOOLS & AIDS

### PREMIUM KITCHEN KNIFE

Material: stainless steel, pakkawood (imitation)

- Universal knife for vegetables, fish, meat, fruit
- German stainless steel
- Elegant handle in pakkawood look

### BURGER PRESS

Material: aluminium, plastic

- For perfectly shaped burgers
- Ergonomic and stable
- Easy cleaning

### SILICONE BRUSH

Material: silicone, plastic

- High liquid absorption due to integrated mesh
- Heat-resistant bristles up to 220°C
- Easy cleaning

### CHOPPING BOARD LUGANO

Material: PPH Polyfill

- High-quality plastic chopping board
- Doubles as a cover for the steakhouse burner
- Large juice channel

### CHIMNEY STARTER

Material: coated stainless steel, plastic

- Safe and quick way to top up the barbecue with hot charcoal/briquettes (1,2kg)
- Heat shield on the handle
- Base prevents burn marks and ash residues

### PREMIUM CARVING SET

Material: stainless steel, pakkawood (imitation)

- Ideal for carving large grilled foods
- German stainless steel
- Elegant handle in pakkawood look

### PREMIUM POULTRY SHEARS

Material: Material: stainless steel, pakkawood (imitation)

- For effortless slicing of poultry
- With locking function
- German stainless steel
- Elegant handle in pakkawood look

### MARINADE SYRINGE

Material: stainless steel, plastic

- For injecting liquid into food to be grilled
- Visible 30 ml scale
- Detachable needle

## THERMOMETER

### GOURMET CHECK PRO

Material: stainless steel, plastic

- App-controlled Bluetooth barbecue thermometer
- Two core temperature sensors and one circulating air temperature sensor
- Measuring probe, dishwasher safe
- With timer function and alarm
- Rainproof device
- With hanging loop

### GOURMET CHECK

Material: plastic, stainless steel

- Measures core and circulating air temperature
- With timer function and alarm
- Measuring probe, dishwasher safe

### LID THERMOMETER

Material: stainless steel, plastic

- For temperature control in the closed barbecue
- Thermometer is compatible with all OUTDOORCHEF kettle barbecues

## BARBECUE GLOVES

### LEATHER GLOVES

Material: real, high-quality calf leather

- Fireproof, with heat-resistant lining
- Long shaft to protect the hands and forearms
- Leather hanging loop
- 1 pair, one size

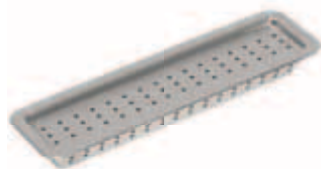

### BARBECUE GLOVE, SILICONE COATED

Outer material: aramid fibre - for heat resistance and protection from flames

- Cotton/polyester lining for pleasant comfort
- With anti-slip silicone coating in the OUTDOORCHEF design
- Suitable for machine washing
- One size

## SMOKING

### SMOKER BOX

Material: stainless steel

- Suitable for gas and charcoal barbecues
- For filling with smoking wood chips
- Easy to use

## CAMPING

### CAMPING BAG

Material: polyester

- Washable, non-shrink material
- 3 carrying options (shoulder strap, carrying handles, lid handle)
- Use: ideal for the Chelsea 420 G and 420 E models

Also available as a Camping Set with the barbecue Chelsea 420 G

## BARBECUE EXTENSIONS

### BAMBOO SIDE TABLE 480/570

Material: bamboo, stainless steel, coated steel

- Additional work surface for the barbecue
- Triple cross-bonded for extra stability
- Anti-slip silicone edge

### MINICHEF STATION

Product dimensions:

W 68,9 × D 55,3 × H 57,1 cm

Material: powder-coated steel, plastic, textile

- Base frame with clever click system
- For MINICHEF gas and electric barbecues

## BARBECUE COVERS (TEXTILE) AROSA 570 G TEX

### AROSA TEXTILE COVER VELVET RED

Material: CORDURA® fabric

- Durable CORDURA® fabric. OEKO-TEX® certified

### AROSA TEXTILE COVER NOBLE BEIGE

Material: CORDURA® fabric

- Durable CORDURA® fabric. OEKO-TEX® certified

### AROSA TEXTILE COVER TWO-TONE-GREY

Material: CORDURA® fabric

- Durable CORDURA® fabric. OEKO-TEX® certified

### AROSA TEXTILE COVER MOSS GREEN

Material: CORDURA® fabric

- Durable CORDURA® fabric. OEKO-TEX® certified

## CONSUMABLES

### GAS PRESSURE REGULATOR WITH HOSE AND ADAPTER

Material: steel, plastic

- Reduces the pressure of the gas or fluid source

### REFLECTOR FOIL 420

Material: aluminium

- Protects electric barbecues from soiling
- Guarantees full grilling performance (300°C) if replaced regularly

# CLEANING

OUTDOORCHEF  
BARBECUES  
ACCESSORIES  
SPECIFICATIONS

## GRILL POWDER

Material: fir and spruce wood

- For use in the drip pan
- Absorbs dripping fat
- Allows easy disposal

## SMALL BARBECUE BRUSH

Material: plastic, brass bristles

- Ideal for cleaning small areas
- Additional scraper on the brush head

## BARBECUE BRUSH STANDARD

Material: plastic, brass bristles

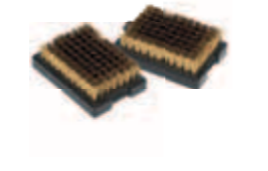

- Long, ergonomic handle
- Integrated stainless steel scraper

## LARGE BARBECUE BRUSH

Material: stainless steel, plastic, brass bristles

- High stability due to stainless steel handle with rubber coating
- Durable thanks to replaceable brush head

## REPLACEMENT BRUSH HEADS

Material: brass bristles, plastic

- Suitable as a replacement for the large barbecue brush
- 2 units

## FUNNEL BRUSH

Material: plastic, brass bristles

- Reaches into every part of the funnel
- Ergonomic handle for easier cleaning

## TRIANGLE BARBECUE BRUSH

Material: stainless steel, brass bristles, plastic

- Long handle for powerful cleaning

## PLANCHA CLEANING SET

Material: stainless steel, plastic, nylon

- Stainless steel scraper removes burnt-on food without scratching
- Sponge removes grease and cooking residues

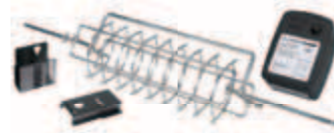

## CHEF CLEANER

Material: cleaning product in a plastic spray bottle

- Ultimate power foam
- Stronger formula than conventional barbecue cleaners

# DUALCHEF BARBECUE STATIONS

## DUALCHEF ROTISSERIE KIT

Material: stainless steel, plastic

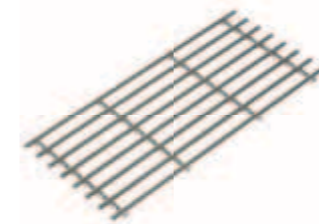

- Food placed in the rotisserie retains its juices
- Suitable for roasts or large joints of meat

## DUALCHEF VEGETABLE GRID

Material: porcelain-enamelled steel

- For healthy cooking of vegetables, fish or hamburgers
- The special perforations on the grid ensure low-fat grilling

## DUALCHEF STAINLESS STEEL BARBECUE GRID

Material: stainless steel

- High-quality stainless steel grid
- Perfect heat conduction
- Easy cleaning

## DUALCHEF COOKING SET

Material: porcelain-enamelled steel

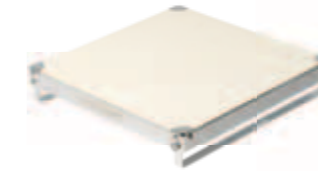

- Low-fat grilling thanks to perforations in the grid
- Easy cleaning

## DUALCHEF/AUSTRALIA GRIDDLE PLATE

Material: porcelain-enamelled cast iron

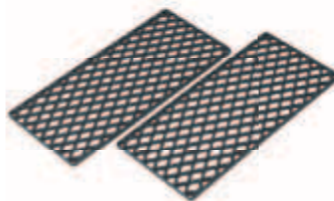

- 2-sided
- Ribbed side for flash-grilled meat, flat side e.g. for crepes
- Optimum heat retention/release

## DUALCHEF PIZZA STONE

Material: artificial stone, stainless steel

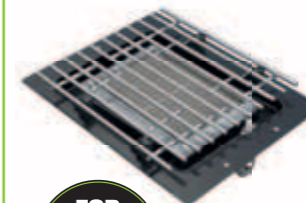

- Raised baking position for an optimum combination of upward and downward heat
- Porous surface ensures crispy dough

## DUALCHEF CAST-IRON BARBECUE GRID

Material: porcelain-enamelled cast iron

- For food with a perfect seared pattern
- Optimum heat retention/release

FOR DUALCHEF >900°C

## DUALCHEF BLAZING ZONE

Material: steel, porcelain-enamelled, stainless steel, ceramic

- Ideal for searing steaks and other joints of meat
- Temperatures of up to 900°C
