Rotaract club of CVS continued it's flagship project JAGRUKTA - A disease awareness drive? In light of which we spread the awareness about different disease that various people are suffering from and are unaware of. The focused disease was PILONIDAL SINUS. We spread the awareness by putting posters consisting of infinite knowledge and facts about the same. The posters were broadcasted on all the social media handles of Rotaract. All the Rotaractors and many of non Rotaractors share the same posters. The event was proved to be very successful and knowledgeable..
