The Original

A New Zealand Staple since 1913

Swannndri's been around a while. 110 years, in fact. And like anything that old, we've got a few stories to tell. Same goes for the gear we make.

A Swannndri is the places it's been, the journeys it's been on, the memories it's made, the people who've worn it, the work it's done, the fun it's had, the yarns it's gathered...

On our 110th birthday, we're celebrating the epic stories of Swannndri. So here's to 110 years of good yarns. Here's to the stories of Swannndri.

And to a few more to come.

We are proud to present our 110 year anniversary collection!

The capsule is a nod to our outdoors heritage and recognition of a rich history of creating outdoor clothing solutions for all environments for over a century, but we don't stop there.

We want to take you through summer like it's meant to be, with missions made for long lazy days and finishing with a cheeky sundowner.

These limited edition products are crafted from merino, linen, and organic cotton and designed to complement the Summer 23 range.

110 years is a pretty good innings – and we're still going strong!

Celebrate with us and grab an Origins Hoodie or T Shirt to take away on your next summer adventure, or make it extra special with the Benfell or Roslyn shirts especially printed with our custom 110 year anniversary print.

OUR ETHOS

Looking after our land and our people has always been at the heart of Swannдри.

The time has come to put pen to paper and formalise the things we're doing well and the things we want to do better.

We know our business, our products and our people but to make sure we're aligning with the science for a sustainable future, we have formulated a 3-year roadmap to define the detail, and set goals that we want to achieve by 2024.

Because there is always room to improve - especially when it comes to protecting the place we call home.

MADE TO LAST

We make clothes the way we always have - to last a lifetime. They're high quality, hard wearing and long lasting. Like an old mate. We treat them like one too. Giving them the care they deserve so they'll stick around. In it for the long run.

*Infinitely repairable.
Made to be lived in, patched up and passed down.
A vintage that gets better with age.*

FROM THE LAND

We love using ethically sourced ZQ wool...a lot....and it's easy to see why, it's nature's wonder fibre.

Kindly donated by happy sheep. From farmers who give a toss. About their animals and our land. Wool or cotton, on the whole, we like to keep things natural. So we can return it to where it came from.

*From the land, to the land.
How nature intended.*

OUR PEOPLE & PARTNERS

We're about doing things the right way, not the easy way.

We care about and invest in our people and partners. Near or far, we know them, and they know us. How it should be. We treat them fairly. With respect, dignity and trust.

*And they treat their people the same.
It's just the right way to do business.*

Simple as that.
