

Centennial Pub Table Installation

Assembly instructions

Note: Study the schematic prior to starting assembly.

Step #1: Securely attach the base to the pedestal as shown using (4) nuts and (4) washers.

Step #2: Position post/base upright. Interlock the bottom and top cross supports atop the pedestal and securely attach it using (4) 2 3/4" long bolts and (4) washers as shown.

Step #3: Position and secure the apron framed assembly on the cross supports and attach as shown using (8) 1 1/2" long bolts and (8) washers.

Step #4: Place table top atop the apron frame assembly as shown in diagram.
