- 3D-COMFORT FIT**
 Keystone-style thumb ensures extra dexterity and flexibility to move your fingers with ease. Gloves mold to the hands over time for a personalized comfortable fit. Fit is extremely important in dealing with heavy-duty work, such as using specific tools, dealing with thorny plants, or moving rocks.
- EXTRA TEAR & THORN RESISTANT**
 Soft, supple cowhide leather is tear-resistant and ensures 2x more thorn-resistant protection than regular garden and cactus gloves. Extra-long sleeves help avoid scratches up to the elbow. Safeguard your hands against thorns, dirt, and grime with FG310 Gardening Gloves.
- TOUCHSCREEN COMPATIBLE & REUSABLE**
 Touchscreen compatible fingertips, so you can take calls and send texts, without having to remove your gloves. They are also washable and reusable.
- WIDE RANGE OF SIZING**
 Best garden gloves for men, women, and children. Come in various sizes: small, medium, large, extra-large. Perfect for hobby gardeners, farm owners, heavy duty users, and professionals.
