- Waste handling

#### ■ MADE FROM THE HIGHEST QUALITY OF MATERIAL

Made up of high-quality, thin, flexible materials that are reinforced with synthetic leather at each fingertip and palm. Inserts are double-stitched and seams are two times stronger than average seams.

#### ■ COMFORTABLE & LIGHTWEIGHT

A breathable and comfortable glove that offers great ventilation. The thumb has terry cloth on it to wipe your sweat away. Composed of lightweight, breathable mesh fabrics.

#### ■ ULTIMATE PRECISION

The fingerless style gives you precision and flexibility to complete tasks that require full dexterity. Complex tasks should not be a problem with MG310 Fingerless Mechanic Gloves.

#### ■ MULTI-PURPOSE AND TOUCHSCREEN CAPABLE

A favorite among mechanics for car repair, but it's also useful for various applications. Designed to give you access to your touchscreen devices.
