- Light & precision assembly
- Loading trucks and vehicles
- Shipping and receiving, handling cartons and packaging
- Small-scale metal stamping and assembly
- Steel and metal bar, wood handling
- Waste handling

■ MADE FROM THE HIGHEST QUALITY OF MATERIAL

Made up of high-quality, thin, flexible materials that are reinforced with synthetic leather at each fingertip and palm. Inserts are double-stitched and seams are two times stronger than average seams.

■ STRONG PROTECTION AGAINST ANY IMPACT

The 3D TPR knuckle and finger guards will protect your hands from damage, while the gel-padded palms provide cushioning for impact absorption.

■ COMFORTABLE WITH A STRONG GRIP

Made of lightweight, breathable mesh fabrics. Offers a safe grip without compromising the tactile feel.

■ MULTI-PURPOSE AND TOUCHSCREEN CAPABLE

Can be used for long hours in many different work fields without feeling discomfort. Designed to give you access to your touchscreen devices while still protecting your hands from danger.
