- Loading trucks and vehicles
- Shipping and receiving, handling cartons and packaging
- Small-scale metal stamping and assembly
- Steel and metal bar, wood handling
- Waste handling

■ MADE FROM THE HIGHEST QUALITY OF MATERIAL

Made up of high-quality, thin, flexible materials that are reinforced with synthetic leather at each fingertip and palm. Inserts are double-stitched and seams are two times stronger than average seams.

■ KEEPS YOU WARM AND COMFORTABLE

Made of lightweight, breathable mesh fabrics. It also has 3M Thinsulate insulation to keep your own body heat, and TPU membrane which keeps your hands dry and warm in the cold weather.

■ STRONG GRIP AND PROTECTION

Palm inserts offer a safe grip without compromising the tactile feel, making it easy to hold onto things. The neoprene layer on the knuckles also protects from light impacts and abrasion.

■ MULTI-PURPOSE AND TOUCHSCREEN CAPABLE

It can be used for long hours in many different work fields without feeling discomfort. Designed to give you access to your touchscreen devices.
