The Kent Charcuterie Company  
was born from a passion for  
food and a love of sharing it.

**Hello,**

We are Lauren and Dan, founders of The Kent Charcuterie Company, established in 2020.

We began building creative charcuterie boards at home and completely fell in love with styling food by sourcing and using local produce.

We began sharing our love of local cheese and cured meats by delivering to family and close friends. Before we knew it, we were delivering charcuterie platters to customers across Kent and the South East.

Now in the world of events, we are loving what we do more than ever! We love to cater for a variety of events, from birthdays and weddings to hen parties and baby showers - we love to help make a milestone memorable!

We are extremely proud of our Kentish heritage and try to capture this in every platter and grazing table. Finding local and often small suppliers are at the heart of what we do, supporting producers and farmers throughout the South East.
