

Loku Piston Stool by Shin Azumi

## Loku Piston Stool by Shin Azumi

Japanese designer Shin Azumi created the Loku Range making good use of the efficient methods of advanced 3D veneer technology, which allows the seat to be moulded into more complex forms, making the visually and physically light shell comfortable, supportive and robust.

The moulded seat and back is made from a thin plywood veneer that can be shaped when heated into tight curves to stiffen the material.

The Loku Piston Stool has a stainless steel base and is available in walnut plywood.

The stool was designed for both commercial and residential use providing variations to accommodate the different uses.

The Loku Range won the Design Guild Mark Award in 2016.

### Key Features

Suitable for contract use  
Replaceable components  
Technical / Construction  
3D plywood seat  
Metal tubular base

### Dimensions

H1000-1085 W446 D455 | Seat H675-760  
H39.3-42.7" W17.5" D17.9" | Seat H26.5-29.9"

### Available Finishes

Walnut-  
Stainless  
Steel
