

Narin Chair by David Irwin

Narin Chair by David Irwin

Inspired by the constantly adapting nature of modern workshops, the Narin chair is both easy to collapse and move around, and can be stored in condensed stacks that occupy minimal space.

The elegant design features a smooth sweeping transition from the turned legs into the formed backrest, which also doubles as the mount for the pivot from where the back leg rotates.

The seat and back are formed from layered birch ply with a clear lacquer oak veneer and brass fixings. The fixings contained on the underside of the chair slide along the grooves within the back legs to present a graceful silhouette with clean flowing lines, which looks as good folded away for storage as it does when open and in use.

The Narin Chair received the Design Guild Mark Award and the Wood Award for Best Production Made in 2017.

Made in Thailand.

Key Features

- Foldable
- Suitable for contract use
- Easy to collapse and move around
- Can be stored in condensed stacks
- Technical / Construction
 - Veneered plywood seat and back
 - Solid wood legs
 - Clear polyurethane lacquer

Dimensions
