

### **Environmental & Sustainability Policy**

Commercial Air Filtration is committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We do our best to operate in compliance with all relevant environmental legislation, and strive to use pollution prevention and environmental best practices in all we do.

Our Policy therefore, is to:

- Integrate the consideration of environmental concerns and impacts into our decision making and activities.
- Minimise our waste and then reuse or recycle as much of it as is possible.
- Minimise energy and water use within our buildings and processes in order to conserve supplies and minimise the consumption of natural resources.
- As far as is possible, purchase products and services that do the least damage to the environment.
- Train, educate and inform our employees about environmental issues that may affect their work.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- Off set the recycling of used air purifiers put onto the market through our WEEE compliance.
- Make use of sustainable packaging where possible.
- Offer the facility to recycle used air purifiers on behalf of our clients when purchasing new units.
