Dermastir Ampoules - Luxury Serum

Dermastir Ampoules are luxurious anti-ageing serums that contain concentrated active ingredients. The active ingredients provide targeted action against signs of ageing and various skin conditions, improving the quality of the skin and its aspect.

Dermastir Ampoules are presented in single-dose 2-3 ml ampoules made of special medical glass that prevents any risk of oxidation or contamination. Thanks to this monodose packaging, the serums deliver to the skin the freshest formula with maximum performance of active ingredients.

Dermastir Ampoules can be used in combination with aesthetic machines such as ultrasound, galvanic, high frequency, RF, PDT LED

The high concentration of active ingredients of Dermastir Ampoules provides visible results which last even longer if ampoules are used as course treatments. Dermastir Ampoules can be used at home, during aesthetic treatments and with aesthetic machines. Dermastir Ampoules can be used directly on the skin or mixed with a cream or the mask.
