### Allantoin

Allantoin has been widely used for decades in cosmetic and OTC topical formulations for its moisturising properties. In skincare monodose ampoules form, allantoin has increased activity on the epidermal cells. Allantoin is excellent to treat dark circles, eye bags, puffiness and wrinkles that appear around the eye contour.

Allantoin promotes cellular regeneration, counteracting dryness and repairing a damaged barrier. Allantoin encourages sensitive skin to become more resilient, supports the healing process and increases water content in the skin.

### Cucumber

Cucumber is known for its diuretic, draining, cooling and cleansing properties. In skincare monodose ampoules form, it helps to revitalize the skin, making it more tight and firm. Cucumber helps to reduce puffiness, combat dark circles and eye bags and moisturize the delicate skin.
