

Dermastir Ampoules - Luxury Serum

Dermastir Ampoules are luxurious anti-ageing serums that contain concentrated active ingredients. The active ingredients provide targeted action against signs of ageing and various skin conditions, improving the quality of the skin and its aspect.

Dermastir Ampoules are presented in single-dose 2-3 ml ampoules made of special medical glass that prevents any risk of oxidation or contamination. Thanks to this monodose packaging, the serums deliver to the skin the freshest formula with maximum performance of active ingredients.

Dermastir Ampoules can be used in combination with aesthetic machines such as ultrasound, galvanic, high frequency, RF, PDT LED

The high concentration of active ingredients of Dermastir Ampoules provides visible results which last even longer if ampoules are used as course treatments. Dermastir Ampoules can be used at home, during aesthetic treatments and with aesthetic machines. Dermastir Ampoules can be used directly on the skin or mixed with a cream or the mask.

Quantity: 10 x 3ml

Dermastir Luxury Ampoules Ginseng

Dermastir Ampoules Ginseng have been designed by Alta Care Laboratoires to revitalize dry, lifeless skin by restoring the skin's natural glow. Dermastir Ampoules Ginseng stimulates not only the skin but also, if applied, the scalp at cellular level. Ginseng is used in skincare for its rejuvenating properties. Ginseng has a beneficial effect on circulation and regulates the tone. It has also been shown that Ginseng has a beneficial effect against free radicals, which is enhanced when presented in monodose ampoules form as in the case of Dermastir Ginseng Ampoules. This vast amount of properties gives Ginseng an unlimited use in skincare. Its activity makes it useful in treating the skin, affected by wrinkles and signs of aging.

SKIN REPAIR

ANTI-WRINKLE

PIGMENTATION

ANTIOXIDANT

DULL SKINTONE

Ginseng (Panax Quinquefolium Root Extract)

Helps to boost the microcirculation, stimulating the synthesis of collagen. Antioxidant properties protect the skin from free radicals and other environmental aggressors. Helps to balance oil production, brightens and revitalizes the skin complexion, fights hyperpigmentation.

Lactic Acid

An alpha-hydroxy acid used to exfoliate the skin and improve the look of fine wrinkles and expression lines. This substance is found efficient in case of dark spots and pigmentation. Lactic Acid helps to remove dead cells from the surface of dry skin and to stimulate cell turnover.

DIRECTION FOR USE

Break the top of the skincare ampoule. Distribute the precious serum directly on the skin or mix in a cream or in a mask. Massage delicately on the interested areas until completely absorbed.

NORMAL PROGRAMME

1. Apply one skincare ampoule every seven days for a month.
2. To consolidate the obtained results repeat phase 1.

INTENSIVE PROGRAMME

1. Apply one skincare ampoule every three days for a month.
2. To consolidate the obtained results repeat phase 1.

WARNINGS: Do not expose yourself to the sun. Avoid contact with eyes and in case rinse with water. The skincare ampoule tip must be broken by using a piece of cloth.
