

Dermastir Ampoules - Luxury Serum

Dermastir Ampoules are luxurious anti-ageing serums that contain concentrated active ingredients. The active ingredients provide targeted action against signs of ageing and various skin conditions, improving the quality of the skin and its aspect.

Dermastir Ampoules are presented in single-dose 2-3 ml ampoules made of special medical glass that prevents any risk of oxidation or contamination. Thanks to this monodose packaging, the serums deliver to the skin the freshest formula with maximum performance of active ingredients.

SERUMS

MONODOSE

Medical glass ampoules

Quantity: 10 x 2ml

Dermastir Ampoules Vitamin E are monodose lipophilic serums, which can be used both at home and during aesthetic treatments.

The high concentration of active ingredients of Dermastir Ampoules provides visible results which last even longer if ampoules are used as course treatments. Dermastir Ampoules can be used at home, during aesthetic treatments and with aesthetic machines. Dermastir Ampoules can be used directly on the skin or mixed with a cream or the mask.

Dermastir Luxury Ampoules Vitamin E

Dermastir Ampoules Vitamin E contain concentrated Vitamin E, an ingredient that is well known for its antioxidant action and hydrating properties. Antioxidants protect vital cell structures by neutralizing molecules called "free radicals", unstable molecules produced from sources such as air, radiation, and peroxides.

Topical Vitamin E has been shown to have a wide variety of skin benefits. Most importantly, Vitamin E is vital for the overall health and aesthetic beauty of the skin.

Monodose glass form of Dermastir Ampoules Vitamin E helps to provide stable, concentrated and fresh formula for better results and skin response.

DIRECTION FOR USE

Break the top of the skincare ampoule. Distribute the precious serum directly on the skin or mix in a cream or in a mask. Massage delicately on the interested areas until completely absorbed.

NORMAL PROGRAMME

1. Apply one skincare ampoule every seven days for a month.
2. To consolidate the obtained results repeat phase 1.

INTENSIVE PROGRAMME

1. Apply one skincare ampoule every three days for a month.
2. To consolidate the obtained results repeat phase 1.

WARNINGS: Do not expose yourself to the sun. Avoid contact with eyes and in case rinse with water. The skincare ampoule tip must be broken by using a piece of cloth.

Vitamin E

Prevents oxidative damage to cells by helping to combat free radicals and supports various processes of cell repair. These characteristics contribute to a more youthful aspect of the skin.

Helps to form a protective barrier for the skin exposed to the damaging effects of stress, diet, external aggressions and to restore radiant skin complexion.

Can be used on the skin at home and in post-op phase of the treatment to prevent the evaporation of hydrophilic serums and TEWL.
