

## Dermastir Tsunami Deep Cleanser

Dermastir Tsunami provides a deep cleansing action. It can be used on all skin types and especially in case of sensitive skin and various skin conditions.

Dermastir Tsunami Cleanser is a gentle deep cleanser that purifies the skin deeply and disinfects it from bacteria. The cleansing action of the Dermastir Tsunami Cleanser is provided without the need to massage the product, since once it is applied on the face, oxygen bubbles are created automatically, which means that the skin surface is being disinfected. The active ingredients of Dermastir Tsunami Deep Cleanser are guaranteed by the special airless packaging that protects from oxidation, bacteria, heat, humidity and light.

### DIRECTIONS FOR USE:

Remove any make-up or dirt from the face. Apply a thin and even layer of Dermastir Tsunami on your face with your fingertips or using a brush. Avoid the eye contour area. Leave and let the product work for 15-20 minutes. Massage gently for a few seconds and then rinse off with water. You can now proceed to the next steps of your daily skincare routine.

## Dermastir Crystal Gommage Peel

Dermastir Crystal Gommage Peel gently removes impurities, dirt and dead skin cells from the epidermis, with its soft peeling action.

Dermastir Crystal Gommage Peel contains special microcrystals which are responsible for the renewal of skin cells, leaving the skin radiant and silky. This innovative formula does not contain salts nor sugar, two elements that may enhance the risk of bacterial proliferation and skin irritation.

### DIRECTIONS FOR USE:

Apply the product on a dry skin, massaging lightly for a full minute with your hands and then rinse off with water.

## Dermastir Énergie Pellet Cleanser

The innovative and concentrated enzymatic formula of Dermastir Pellet Cleanser promotes skin regeneration and cell renewal. When the granules come into contact with water, they create a soft foam that cleanses and exfoliates, leaving the skin smooth and bright.

### DIRECTIONS FOR USE:

Mix a small amount of the product with water, in your palms. Once the foam is formed, apply on the face and neck and massage with circular movements. Rinse off with water.

## Dermastir Milk Cleanser

Dermastir Milk Cleanser is a gentle cleanser that makes the skin smoother and moisturized. It is suitable for all skin types and especially recommended for sensitive skin. Dermastir Milk Cleanser is a delicate cleanser that purifies the skin and respects its natural balance. The gentle formula of the Dermastir Milk Cleanser does not cause any skin irritations and for this reason it is suitable for the most sensitive skin types. With the Dermastir Milk Cleanser the skin becomes softer, brighter and nourished.

### DIRECTIONS FOR USE:

Apply the product to face and neck, in the morning and evening, using a cotton pad or directly with the fingertips. Remove the product with a cotton pad. Avoid direct contact with the eyes.

## Dermastir Facial Toner

Dermastir Facial Toner controls excess sebum and oil, especially in the T-zone. As a result, the skin looks clearer and brighter. Dermastir Facial Toner is a micellar water with a gentle mattifying action that controls oil and excess sebum, especially in the T-zone. The multiple-action formula clears the debris away, revealing a clearer and brighter skin.

### DIRECTIONS FOR USE:

Apply the product with the help of a cotton pad, twice daily. Avoid the eye area.

## Dermastir Skin Cleanser Oily to Combination

Dermastir Skin Cleanser Oily to Combination gently cleanses and purifies the skin immediately when it comes into contact with the skin. This cleanser gently removes dead cells and the excess of sebum. The skin is cleansed, bright and soft, and sebum secretion is regulated correctly. The airless packaging of Dermastir Skin Cleanser Oily to Combination ensures the correct preservation of the active ingredients, protecting them from damage caused by external factors – bacteria, heat, humidity, oxygen and light.

### DIRECTIONS FOR USE:

Gently massage a small amount of product on a dry skin. Avoid the eye area. Rinse off with warm water.

## Dermastir Skin Cleanser Normal to Dry

Dermastir Skin Cleanser Normal to Dry leaves the skin smooth and radiant, thanks to its deep cleansing action that removes dead cells from the surface of the skin. This cleanser gently removes the dead cells that are responsible for dull skin. The airless packaging of Dermastir Skin Cleanser Normal to Dry ensures the correct preservation of the active ingredients, protecting them from damage caused by external factors – bacteria, heat, humidity, oxygen and light.

### DIRECTIONS FOR USE:

Gently massage a small amount of product on a dry skin. Avoid the eye area. Rinse off with warm water.
