

Croghan's Jewel Box

Here's to celebrating a life well-lived.

For more than 100 years, one family has been on a mission to help mark the milestones, make the memories, and revel in the magic of the everyday. It's a legacy born of a timeless pursuit of sourcing pieces that tell a story and spark joy year after year, decade after decade, generation after generation.

When there's cause for celebration, or just because, generations have turned to Croghan's. A silver spoon for a new bundle of joy, just the thing for birthdays, graduations, engagements, anniversaries — a timeline of joyful occasions is marked with the perfect pieces to celebrate them, and precious moments in between are paid homage with a penchant for elevating the everyday. A century of experience infusing joy and beauty into the lives of those in Charleston and beyond has minted masters in the fine art of celebratory expression, only improving with time as the Jewel Box and its curated collections and exclusive offerings evolve with you and yours.

That legendary southern hospitality is deeply entrenched in everything at Croghan's, so visitors are like family, advice is trusted, and shopping for the occasion is as memorable as the occasion itself.

*You're always invited,
so come join the celebration.*
