# Weather Box

- Vantage Vue® Sensor Suite
- Weather Envoy™
- WeatherLinkIP™
▸Quick Start Guide
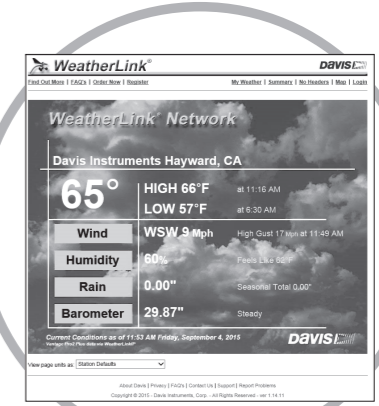

Not Mac® compatible

DAVIS ®

① Assemble

Assemble the Vantage Vue Integrated Sensor Suite (ISS) by attaching wind cups, wind vane and rain measuring mechanism.
(Pages 1-4, Weather Box User Guide)

② Connect

Connect Weather Envoy to router and AC-power adapter.
(Pages 5-8, Weather Box User Guide)

③ Log On

Log on to WeatherLink.com and set up your account.
(Page 8, Weather Box User Guide)

④ Download

WeatherLink
iPhone App

WeatherLink
Android App

Download the free Mobile App to see your WeatherLink Network station's data on your smartphone. Scan the applicable QR code above or search for WeatherLink on iTunes or the Google Play Store.

⑤ Install & Configure

Install WeatherLink software.
(Pages 9-11, Weather Box User Guide)

⑥ Mount

Mount the ISS to a freestanding or rooftop pole using the included U-bolt clamp (pole not included). (Pages 12-16, Weather Box User Guide)

⑦ Enjoy!
