

# BUMPER BUDDY®

## INSTRUCTIONS

Bumper Buddy® is easy on...easy off... easy to adjust. This streamlined product helps attach bumpers in a matter of seconds, without having to tie a knot or use screws to attach a holder permanently. Clips onto rails, lifelines, windshields, or cleats and it's ready to use.

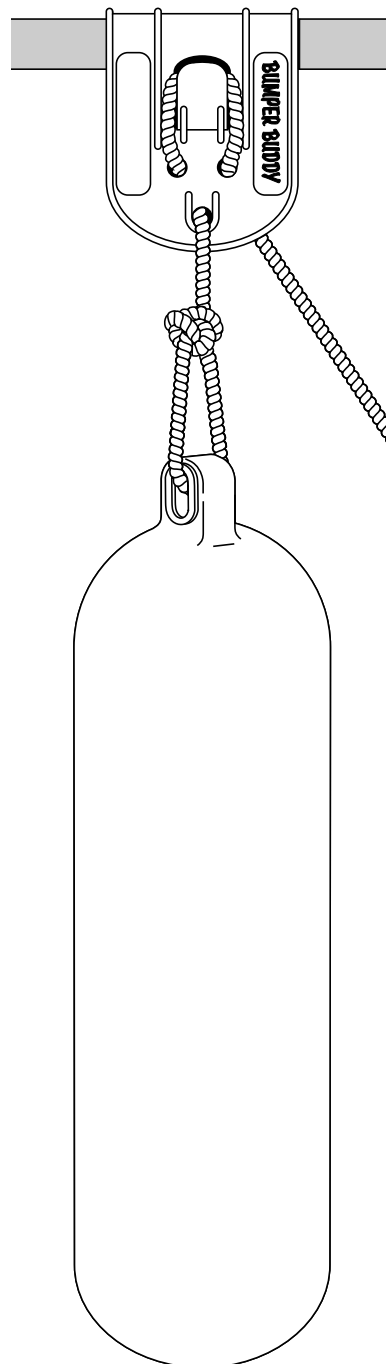

- Snap over RAILS and WINDSHIELDS.
- For LIFELINES, install at uprights to prevent sliding.
- To fit CLEATS, slide on horizontally.

Accepts up to 3/8" (9.5 mm) diameter line and adjusts in a matter of seconds.

Fishermen can also use Bumper Buddy to hold a fish basket or minnow bucket.

**Note: Bumper Buddy was discontinued in 2004.**

See #393 Fender Tender II®, an equivalent product offered by Davis.
