LIGNUM RETAIL SERIES

LED SPOT PARX-2

The amazing Parx-2 spot light is one of the smallest of it's kinds.

It is implemented in those retail outlets where exact color representation and a very bright and vivid product presentation is of great importance. The colors of the merchandise in your store will appear almost as if they were exposed to direct sunlight. The 10 degrees narrow beam allows you to exactly pinpoint the merchandise that you want to highlight. The layout of the LED, deep inside the housing and the black antiglare ring, creates great comfort to the visiting customer with hardly no glare.

- Vivid and Bright colors almost sunlight comparable
- High CRI of 96,6
- Extreme narrow beam of 10 degrees
- Energy efficient
- Maintenance free
- Very long 40.000 hours lifetime
- · Smallest housing of it's kind
- · Comfortable very low glare with sharp cut-off
- 3 phase Powergear in-track adapter
- Luminus COB LED CXM-9 GEN 3
- Solderless LED installation
- 5 years warranty
