DIRECTIONS

TO BEGIN USING YOUR **AIRPURA**

Inspect the exterior of your Airpura to verify there is no damage from shipping. If any damage is noted, please follow the instructions from the distributor returns policy.

Wipe the unit with a damp cloth to remove any dust from packaging

Plug the unit into a regular grounded 110 volt outlet

Turn on the unit to MAX and allow it to run for a few minutes

Set the variable speed control to the level you wish

Maintain a humidity level of below 40% at all times in your home.
