## Optimal Air Filtration for Homes & Businesses

Designed to treat very heavy concentrations of chemicals and odors in a confined space. The "Extra HD" option offers an extra deep-bed carbon filter for enhanced adsorption of airborne toxins, a 21st century technology superHEPA for particles and an easy-clean pre-filter. This unit (without UV) is ARB certified for California.

### Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior superHEPA filters for particle control.

### Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.
