

AirMedic Pro 5 ultra S

Optimal Air Filtration for Homes & Businesses

An air purifier designed for smoke from cigarettes, fireplaces, forest fires, etc., this exceptional unit removes harmful chemicals, particles and lingering odors. It features a large deep-bed activated carbon filter, a tar-trapping pre-filter and a 21st century technology superHEPA for particles. This unit (without UV) is ARB certified for sale in California.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior superHEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

Green Features

-  All-metal housing
-  Ozone-free filtration technology
-  Energy efficient
-  Refillable carbon canisters
-  Styrofoam free
-  North American sourced parts and materials
-  North American assembly
