ELECTRIC BLONDE

A dark blonde colour with a green and neutral yellow base, perfect for blondes and redheads with either neutral or slightly cooler skin tones with pink/red undertones. It can be darkened with Faux Brown or Absolute Brown.

FAUX BROWN

A light brown colour with a neutral yellow and red base, great for lighter brunettes, dark blondes or even medium brunettes who wants to keep their brows super soft and natural. Heals cooler than it looks initially. Can be darkened with Absolute Brown or Dark Heart.

ABSOLUTE BROWN

A true medium brown! This shade has a neutral yellow and green brown base, and is perfect for light, medium or dark brunettes. This is my absolute favorite and most used shade. Can be darkened with Dark Heart.

DARK HEART

A dark brown shade with a black brown base. A little darker than Absolute Brown. Fantastic for dark brunettes or clients with darker natural eyebrow hairs. Can be lightened and warmed up with Electric Blonde or Faux Brown.
