for Professionals

# REMS 22V

LI-ION TECHNOLOGY

Even more efficient: 100% more cuts! <sup>1)</sup>

Powerful, robust and easy to handle.  
Ideal for assembly, dismantling, repair.

Only 3.1 kg including batteries!

German Quality Product

# REMS Akku-Cat 22V ANC VE – saws anything, anywhere. Powerful, robust and easy to handle.

REMS Akku-Cat 22V VE is a powerful, robust, handy power tool for universal, free-hand sawing. The machine can be used universally for sawing many materials, e.g. wood, wood with nails, pallets, metal, also stainless steel, cast iron, breeze blocks, plaster boards, pumice stone and brick. The REMS Li-Ion 22V technology sets standards in terms of economy and user friendliness and enables the user to saw ultra fast. The battery technology and the low weight including battery of just 3.1 kg enable easy, effortless working everywhere on site. Ideal for assembly, disassembly, repair.

- 1** Ergonomically shaped front housing grip with slip resistant, heat insulating protection cover with soft grip, for forceful feed forward.
- 2** Practical D-shaped handle with soft grip.
- 3** Swivel support shoe for safe guiding of the saw on the material to be sawn.
- 4** High sliding silicone gasket protects gear against water and dust.
- 5** Powerful 21.6 V battery motor with ample reserve capacity, 500 W output.
- 6** Safety tip switch.
- 7** **Sturdy, square lift rod**  
In special solid steel, mounted precisely in needle bearings towards the force direction and along the complete stroke length, for distortion-free, precise cutting also during tough use. For extremely long service life. Drive rod runs in an enclosed housing for safe work.
- 8** **Oscillating drive with ANC**  
Super stable, water and dust resistant, maintenance-free oscillating drive for simultaneous generation of sawing stroke and orbital action of lift rod and saw blade. Allround needle bearing mounted crank drive (ANC) reduces friction, heat generation, wear. For long service life of drive also at extreme sawing.
- 9** **Vario-Electronic**  
Electronic stepless speed control of drive unit for sensitive start sawing and for speed selection during sawing. The speed is controlled by pressing the tip switch steplessly from 0 to 2,000 rpm (acceleration switch).
- 10** **Aggressive orbital action**  
Aggressive orbital action by vertical hacking motion of saw blade provides forceful, fast forward feed, excellent chip flow and long service life of saw blades. Fixed orbital action, running in needle bearings, ensures long-lasting and forceful sawing also during extreme load conditions, e.g. sawing of steel pipe.
- 11** **Li-Ion 22V Technology**  
Highly resistant Li-Ion 21.6V battery with 5.0 Ah or 9.0 Ah capacity, for long service life. Light and powerful. Li-Ion 21.6V, 5.0Ah batteries for 100 % more cuts than Li-Ion 18V, 3.0Ah batteries<sup>1)</sup>.
- 12** Graduated charging state display with coloured LED.
- 13** Operating temperature range – 10 to + 60 °C. No memory effect for maximum battery power.
- 14** Rapid charger for short charging times.
- 15** **Universal saw blade clamp**  
All saw blades – with universal or double tang – can be clamped without changing or turning the saw blade thrust piece.

# REMS Akku-Cat 22V VE

**REMS Akku-Cat 22V VE Set.** Battery driven universal reciprocating saw with Vario-Electronic (VE) for free-hand sawing. Drive unit with D-shaped handle, maintenance-free, water and dust resistant oscillating drive with allround needle bearing mounted crank drive (ANC), aggressive orbital action, powerful 21.6 V battery motor, safety tip switch. Electronic stepless speed control (acceleration switch) 0 to 2,000 rpm. Li-Ion 21.6 V, 5.0Ah battery, Li-Ion 230 V, 50–60 Hz, 70 W rapid charger. Universal saw blade clamp. Hexagon key. 1 pcs REMS universal saw blade 150-1,8/2,5. In sturdy steel case.

Art.-No. 560052 R220

## Accessories

**REMS Akku-Cat 22V VE drive unit,**  
without battery

Art.-No. 560010 R22

**Battery Li-Ion 21.6 V, 5.0 Ah**

Art.-No. 571581 R22

**Battery Li-Ion 21.6 V, 9.0 Ah**

Art.-No. 571583 R22

**Rapid charger Li-Ion 230 V, 50–60 Hz, 70 W**

Art.-No. 571575 R220

**Steel case with inlay**

Art.-No. 566030 R

Info

### REMS universal saw blades

Universal saw blade for free-hand sawing.  
Instead of many different saw blades.

Info

### REMS saw blades

Saw blades for free-hand sawing for different materials.

Sale through specialist dealers.
