The STRONGLITE™ Shasta Portable Massage Table Package includes the table, face cradle, pillow, and carry case. High quality beech hardwood, coated steel cabling support system and sturdy hardwood corner blocks make this a strong and durable treatment table for physical therapy. The Shasta is generously upholstered with 2" of small cell foam, and supple, soft vinyl with double stitching on its round corners, solid hardwood beech legs, corner blocks and double knobs plus a strong cabling system and rigid 6mm end panels make it a table with exceptional strength.

It comes with ½-reiki ½-standard endplates, providing the perfect balance between easy access and table stability. A fully adjustable face cradle with a soft, matching face pillow gently supports your clients in the proper massage position. The portable massage table package travels and stores easily in the rugged nylon carry case.

Specifications:

- Size: 28" x 73"
- Weight: 35 lbs.
- 2" of responsive cushioning
- Adjustable height: 25" to 35"
