anti-bacterial hammered copper bowl

WILSHIRE™ COLLECTION
COMPACT MANI / PEDI CHAIRS WITH RETRACTABLE PEDI TUB

The Wilshire™ is a luxurious mani/pedi combo chair with a retractable pedicure bowl and a compact, space-saving footprint. The Wilshire's compact size make it an easy replacement for those uncomfortable banquettes and bulky thrones. The Wilshire's treatment versatility also maximizes revenue through flexible scheduling manicures, pedicures, or express combo treatments. Superior adjustment capabilities enable perfect client and technician ergonomics. The luxurious, bespoke mid-century armchair is hand upholstered from a broad array of fabric selections and finishes. The Wilshire LE™ (electric) comes fully plumbed with electronic footrest and footbath adjustments. Its hidden pedicure unit features whisper-quiet, reliable pipeless hydrotherapy, and is packed with practical features including a hand sprayer, power remote drain, and electronic footrest. Meanwhile, the elegant and economical Wilshire M (manual) features a hammered copper bowl with manual seat, bowl, and manual footrest adjustments.

Wilshire LE shown in Nature's Touch Latte
