

ASSEMBLY INSTRUCTIONS

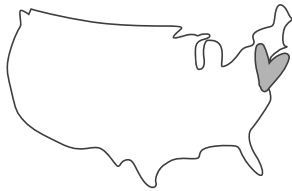

juno desk

a how-to guide that won't leave you in tears

parenting is hard.
this is easy.

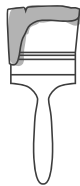

no really, it is.

MADE HERE™

MADE WELL™

MADE SAFE

MADE SMART

want to watch this assembly IRL?

(acronym challenged? that means “in real life”.)

open the camera on your phone and place it over the QR code below to see our NYC studio dream team do all the heavy lifting (just kidding, there is none!)

or go to ducducnyc.com/assembly-instructions

**thank you for selecting a
studio duc product!**

please check contents against the components list in these instructions. also, please ensure there was no damage that may have occurred in shipping.

if any components are missing or you find any damage, please contact ducduc before continuing.

read all the instructions before use.

pay close attention to the safety warnings in these instructions.

a minimum of two people is required to safely assemble and move the desk. do not attempt to move this desk alone — dragging or sliding it across a floor may cause structural damage.

CLEANING:

do not scratch or chip the finish. do not use abrasive chemicals for cleaning. clean with mild soap on a soft rag. rinse and dry thoroughly. if you ever refinish this furniture, be sure to use only a non-toxic finish specified for children's furniture.

KEEP INSTRUCTIONS FOR FUTURE USE

WHAT'S IN THE BOX:

A1
R side panel

A2
L side panel

B
stretcher

C
bottom panel

D
back panel

E
leg panel w/ attached brackets

F
hammer cap

G (x9)
screws

DB1 (x3)
drawer face

DB2 (x3)
drawer box back

DB3 (x3)
L drawer box side

DB4 (x3)
R drawer box side

H
desktop

DB5 (x3)
drawer box bottom

WHAT YOU'LL NEED:

**phillips head screwdriver
and/or drill with 6mm bit**

**household hammer or
rubber mallet**

15 minutes
(or less)

a soft surface to assemble on
*(like a rug or some of the corrugate
box your piece arrived in)*

2 people
plus a dog for moral support
(unless you're a cat person)

1 lean desktop (H) against a wall with the holes facing away from wall as shown.

2 line up connectors on leg panel (E) with holes on underside of desktop (H) and push together until there is no gap at the connection. then, use screws (G) and your phillips head screwdriver to secure leg panel (E) to desktop (H) using the attached brackets and pre-drilled holes. set the assembled parts aside for now.

duc insider tip!
*if you're handy and want to save
a few secs, feel free to use a
household drill.*

3

lean R side panel (A1) against a wall as shown.

4

insert connectors on back panel (D) into slots on R side panel (A1). push down at the connection to lock into place.

still confused? scan this code to watch the assembly video! →

5

insert connectors of back panel (D) into slots on L side panel (A2). push down at the connection to lock into place.

6a

have a friend gently flare R + L side panels (A1 + A2) outward as shown.

still confused? scan this code to watch the assembly video! →

6b

with the side panels flared outward, insert the connectors of one side of bottom panel (C) into slots on R side panel (A1).

6c

insert remaining connectors of bottom panel (C) into slots on L side panel (A2).

still confused? scan this code to watch the assembly video! 

6d

once all connectors and slots are lined up and side panels are back to square position, apply hammer cap (F) to the head of a household hammer and tap bottom panel (C) until there is no gap at the connection to back panel (D).

7

insert the connectors of stretcher (B) into slots on both side panels (A1 + A2). tap with hammer and hammer cap (F) to lock into place.

still confused? scan this code to watch the assembly video! 

8

with a friend, flip partially assembled case into upright position and place in location where the desk will be fully assembled.

9a

now we build the drawers! starting with drawer face (DB1) facing down, insert connectors of both drawer box side panels (DB3 + DB4) into slots on drawer face (DB1). push down at the connections to lock into place.

still confused? scan this code to watch the assembly video! →

9b

rotate the partially assembled drawer box as shown. slide drawer box bottom (DB5) into place using grooves on the drawer box side panels (DB3 + DB4) as guides. be sure glide hardware on bottom panel (DB5) is positioned outside the drawer interior and toward the drawer face (DB1) as shown.

duc insider tip!
when the drawer bottom panel is properly installed, it should be recessed about a 1/4" from the back of the drawer sides. (don't be afraid to use force!)

9c

again, rotate partially assembled drawer box as shown. insert connectors of drawer box back (DB2) into slots on drawer box sides (DB3 + DB4). push down at the connections to lock into place. use hammer and hammer cap (F) if needed.

still confused? scan this code to watch the assembly video! 

10

build remaining (2) drawers using steps 9a, 9b, and 9c.

11

starting at the top, pull drawer glides out to extended position as shown.

still confused? scan this code to watch the assembly video! →

11b

place one assembled drawer box onto extended glides as shown. from underside of drawer, use hands to pull each glide forward until it locks into connection with glide hardware attached to drawer box bottom (DB5). the drawer will be secure when you hear a click on each connection. once secured, push drawer box in to close.

12

repeat steps 11a + 11b to install remaining drawers.

it's time to decide!

the junco desk can be assembled as right or left-sided. we know choices can be a blessing and a curse, so poll all invested parties, phone a friend, or do whatever you need to help make your decision. then, when you're ready, move on to step 13a or 13b—depending on which side is the lucky winner.

13a

LEFT SIDE:

with a friend, lift assembled desktop (H) and leg panel (E) and insert connectors of case sides (A1 +A2) into holes on underside of desktop (H). push down firmly to lock into place.

13b

RIGHT SIDE:

with a friend, lift assembled desktop (H) and leg panel (E) and insert connectors of case sides (A1 +A2) into holes on underside of desktop (H). push down firmly to lock into place.

finito! you did it!

give yourself a pat on the back, take a bow,
or go house a pint of ice cream...we don't judge.

prefer to talk to a human instead? we're here for you!
