PAPER GOODS CATALOGUE

Hello from us... the lil wabbit team;

Georgi (Director of Happiness), **Jai** (Captain) and our rescue lurcher, **Taika** (Head Muse & Expert Sock Stealer).

We make glorious paper goods from our West Sussex studio and find inspiration from animals across the world, giving them a human twist, from king pandas to cowboy birds and everything in between.

lil wabbit was launched (accidentally) in the first lockdown of 2020 when I inherited my grandmother's art supplies and began painting for the very first time. Since then, it has become our family business with cards flying all over the world to countless customers on five continents.

Our goal is to bring joy wherever and whenever we can, whether it be through our lighthearted illustrations, our sustainability ethos or our community and charity work.

Every product we make features a hand painted design and is printed with quality at the forefront of our minds. We pay attention to the little details and feel that's what makes us special!

In line with our love for animals and passion for wildlife, we always aim to use materials that are the most caring to our planet and all its inhabitants. We've even created gifts with a hand-me-down function, putting longevity at the heart of products that would so often be single use.

We are stocked in a variety of shops across the world and are always looking for new opportunities to spread the lil wabbit joy. We love making cards and having people love them enough to buy them!

If you are interested in taking on our products, please scan the QR code below or head to lilwabbit.orderspace.com and fill out the online form to apply for a trade account, we would love to hear from you!

Unless stated otherwise all cards are 150mm x 150mm, 350gsm, made of mixed recycled materials, FSC accredited, with a kraft envelope included.

In 2021 we decided to partner with the incredible charity StreetVet to create a line of cards with a true purpose - to raise awareness and funds for the pets of people experiencing homelessness in the UK. Each card features a real animal who lives on the streets of the UK with their owner and receives care from one of the many StreetVet outreaches dotted across the UK. On the back of each card is a photo and the story of the animal featured.

Due to the popularity of the Christmas range and at the request of many of our stockists, we have designed an everyday collection of StreetVet cards. These blank cards continue to feature the animal illustrations along with a photo and story on the reverse of the card but are designed to be used for any occasion.

50% of the profit from every sale goes to StreetVet.

baby milestone cards

20 baby milestone cards | velvet lamination
beautifully packaged | double sided illustration

hand-me-down

these cards were made to celebrate those little milestones in life,
but we all know that waste in this world is so very rife,
so hand down these cards to someone you hold dear,
a family member, friend or a charity shop that's near,
but before you do, make sure to write your baby's name
and date of birth,
then share the cards, spread the joy and protect our lovely earth!
