Tips for Best Performance

- Charge before use
- Unplug the power cord after charging
- It is recommended to charge at least every three months to prolong battery life.

Warning

- Please keep the unit dry. Do not touch this product with wet hands. Do not immerse the product in water or expose to rain.
- Do not disassemble, crush, impact or put into fire.
- Do not use in the presence of flammable gases, otherwise may cause an explosion or fire.
- Do not use, store or charge in high temperature environment or closed space under direct sunlight.
- Please use the specified charger to charge the battery and use it within the specified voltage.
- This product involves a battery, please strictly follow the corresponding operating specifications for the use of the battery, otherwise it may cause an explosion or fire.
