

The **ARMor ED4660™ HandHeld** features electrostatic cleaning technology combined with ElectroDefense's patented, first to market **SmartSprayer™** and **SprayTrack™ mobile job accountability technology**, puts control into your hands for the most efficient fluid dispersal possible. The **ARMor's** robust, yet sleek ergonomic design offers unparalleled comfort, lending itself to more effective deployment throughout all tasks.

Even weight distribution, hand and wrist stress relieving ergonomically designed gun

Internal **45 fluid oz** advanced polymer quick release tank with best in class corrosion resistance

Built in **150 lumen** micro SMD LED focus light to ensure complete coverage in any environment.

Convenient aluminium & polycarbonate no tool 4-in-1 twist micron size adjustor with fluid return function.

Ergonomic, non-slip hand grip with button switch for comfortable extended use

Quick release, removeable reservoir

Polycarbonate composite Gun shell

Ballistic grade nylon & high grade memory foam adjustable, arm strap

Aerospace grade TPR polymer reinforced gun undercarriage

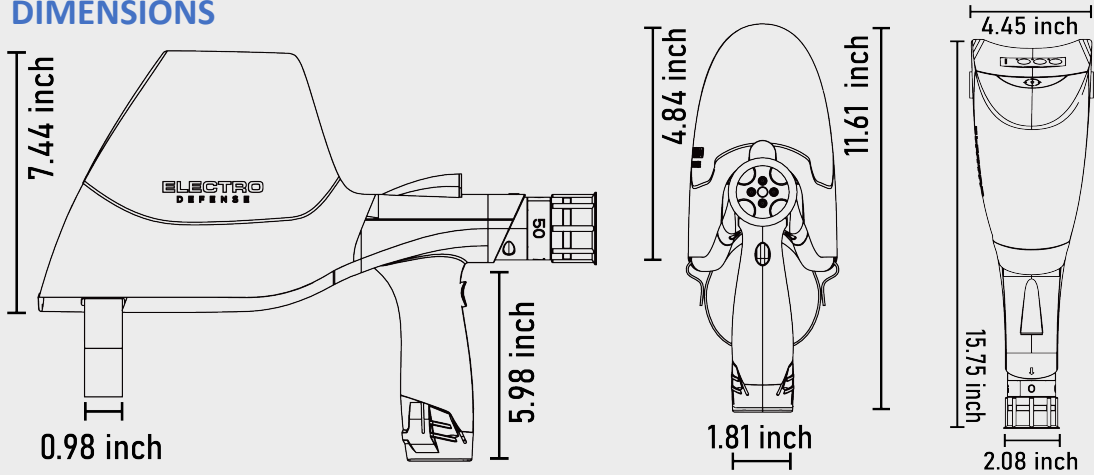

Battery level indicator

2 hr. run time, 3,000 mAh fast charge battery

SmartSprayer™ Wi-Fi & Blue-tooth App for live job tracking & inventory management

One click electrostatic, or regular spray activator
