## HOW TO PREPARE

All you will need to bring is your bathers and a spare change of clothes! A hat and sunnies are recommended along with your mobile phone for super cute pics. Please refrain from bringing outside food and beverages as we have a menu you can order from during your Soak Session. To keep the water in the hydrotherapy spas as clean as possible for your own enjoyment and hygiene, all guests must shower beforehand to remove body oils, make-up, sunscreen etc. Failure to do so will result in the water turning murky and disrupting the pH levels. Anyone with long hair must have it tied up before they get in the spa, and heads must not be under the water at any stage.

A locker will be provided for you on the day to place your personal belongings in. You will also receive a towel and pool slides to wear during your stay. If you are having a treatment, a robe will be provided for you. If you are enjoying a Soak Session only, robes can be hired for \$5. Please Note, We are not responsible for the misplacing of personal belongings so please don't forget to check your robe pockets before leaving. A \$20 fee will be added if you misplace your locker key.

48 hours prior to your appointment, you will receive a text message with a link to a consultation form. Please fill this in before arriving.

If your group hasn't booked out the private Cali Suite, we recommend rotating between the facilities with 15-20minute intervals to ensure all guests can enjoy.

Please read our conditions of entry found on our website before entering The Bathhouse.
