TIMELESS TIMBERS' NATURAL BEAUTY:

How Ipe and Teak Age Gracefully.

Timber is nature's wallpaper. When left outdoors, wood furniture will age beautifully to a silver-patina. Whether you maintain the as-new finish or luxuriate in the weathered aesthetic is completely up to you.

Ipe, pronounced 'EE-Pay', is a Bolivian hardwood prized for durability through density; taking over 100 years of slow growth to achieve maturity.

New Ipe

Ipe timber exhibits a deep chocolate-brown grain when new that may be allowed to naturally age to a silver patina or be brought back to an 'as new' finish with our color-perfect Penofin® Verde stain.

Aged Ipe

Teak, sustainably farmed in Brazil and Costa Rica, has a high natural-oil content, withstanding outdoor weather with superb stability.

New Teak

Teak arrives naturally as a brilliant yellow wood and is sought after for the elegance of the soft silver-tone finish that it weathers to over time.

Aged Teak

The stain applied to Ipe and the oil inherent in teak may leave a faint imprint on the back of cushions that rest on wood frames. Our cushions are designed for a perfect fit in a single orientation, meaning no transfer marks will be visible and can be treated to soften the appearance at any time.

See care guide, page 182.

LOUNGE SEATING WITHOUT CUSHION DESIGN WINNER

Modernizing Classic
Ipe-Wood Designs

INNOVA

DELIGHTFULLY NEW, YET PLEASINGLY FAMILIAR.

Jensen Outdoor is proud to introduce the award-winning Innova collection of modernized classic Ipe-wood designs. Innova brings together the brightest design minds to answer the question:

"How can classic shapes be reimagined for modern tastes?"

First is the Trellis modern lounge chair, which has clinched the prestigious 2023 International Casual Furnishings Association Design Excellence Award in the lounge seating without cushion category.

Conceived by Italian designers Edi & Paolo Ciani, Trellis sets the tone for the future of outdoor living.

Next from the Ciani's is the Whisper 72" backless bench, perfect for quick (and stylish) breezeway chats while sharing a satisfying glass of sherry.

Chris & Jon Panichella welcome the Aurora dining arm and side chairs, featuring comfortable broad-slatted dished seats and backs, with tactile Ipe armrests for the dining armchair.

Finally, meet the Melody 43" backless dining bench from the esteemed design house of John Caldwell, which merges geometry and comfort with floating seat panels. The square support base rises from the strong sled foot, of this cleverly designed, and seemingly, lighter-than-air frame.

TEMPO

IN MARINE-GRADE ULTRALEATHER

Tempo is the award-winning Italian-designed, all-weather collection you can set and forget outside without the concern of moving your cushions whenever overcast skies turn to rain.

Offered in summit cream and walrus gray colorways of Ultrafabrics® marine-grade animal-free leather, the frame is elegantly crafted from 100% FSC®-certified solid lpe timber.

The deep, chocolate-brown color of lpe timber can be enjoyed for generations or allowed to transform with sun and time into a silver patina that highlights its natural beauty.

Tempo embodies Italian elegance expressed in the soft curves of the seat being cradled by the firm lines of the lpe wood frame. Additionally, the contrast-stitched seam adds a pop of interest to an already interesting collection.

A New Approach
to Neoclassical

SORRENTO

TASTEFUL TEAK DEEP SEATING AND DINING

Sorrento, from English designer Alan Morley, takes a new approach to neoclassical with dining and deep seating in FSC®-Certified teak.

Sorrento revives the timeless lines of the ancients with modern outdoor dining and deep seating. Scaled for king-size comfort, the Sorrento dining chair is a reinterpretation of the Greek "Klismos" chair favored by royalty for sumptuous events where elegance and comfort are required.

Rule the outdoors with the regal lines of Sorrento dining table. Note the quarter moon-shaped legs supporting the five single-piece wood table slats. Offered with sumptuous proportions of teak timbers this dining collection will dazzle guests for years to come.

Sorrento deep seating is a modern take on sectional and traditional configurations with modular selections suited for your open air space.

ALAN MORLEY-BRIGHTON, ENGLAND

A Mid-Century
Marvel in Teak

DANA

ELEGANTLY CRAFTED, ENDURINGLY COMFORTABLE.

Jensen Outdoor is proud to unveil the Dana dining arm chair, a masterful blend of mid-century Danish design and modern craftsmanship in FSC®-certified teak wood.

"Reimagining mid-century grace, with the majesty of teak."

Designed by Alan Morley, the Dana collection pays homage to Danish classics, specifically inspired by the iconic "The Chair" by Hans Wegner. Dana captures the essence of that era's design - simple yet sophisticated, bold yet balanced.

At the heart of the design lies a contour-shaped back and arms, symbolic of speed and dynamism, joined to the tranquil stability of expertly turned legs with contrast-colored wedge biscuit joints.

The intricate arm post detailing exudes elegance, while the thatched woven seat crafted from natural colored Teslin cord offers unparalleled comfort and durability.

The Dana Teak Dining Arm Chair isn't just a piece of furniture; it's a tribute to the art of woodworking, an embodiment of design philosophy where form meets function in harmony. It's a chair that doesn't just sit in a space; it enlivens it, inviting admirers to experience a piece of history, redefined for contemporary living.

Embrace the Dana collection from Jensen Outdoor - where history's elegance meets today's luxury.

Pair Dana with our Foundations or Sorrento collections of teak-wood dining and accessory tables.

SAVANNAH

IN FSC®-CERTIFIED TEAK

The craftsman Savannah deep seating and dining collection is Jensen Outdoor's homage to modern Americana.

The seat frame is robustly crafted from 100% FSC®-Certified teak timber and the outdoor cushions are enveloped in your choice of Sunbrella® fabrics.

Savannah offers durable comfort with understated lines reminiscent of middle-America. Feel the construction techniques of the craftsman movement with a pyramidal crown atop the seat arm rests that connects directly to the front leg of the chair. Additionally, the under-arm post is a design detail that will delight your hands during hours spent reminiscing with family and friends.

Pair Savannah seating with Foundations teak dining and accessory tables.

FOUNDATIONS

PICK AND PAIR DINING & ACCESSORY TABLES

A growing table collection with new introductions in Ipe wood for the 2024 season, Foundations is the essential dining and accessory tables collection from Jensen Outdoor. Foundations is ready to perfectly pair with any furniture piece of the same teak or Ipe wood species.

Imagined by two long-standing titans of furniture design, Povl Eskildsen and John Caldwell, the Foundations collection boasts introductions in both strong but light Teak and heirloom durable Ipe.

The functional attributes of each king timber in its' respective forest are carefully weighed and measured in the construction and design of these staple pieces of dining and lounging tables.

To perfectly pair your tables, simply find the deep seating or dining collection of your choice then reference the Foundations collection for a matching wood table to enhance your set.

COMES WITH FIRE TABLE LOGO COVER

The Look of Ipe Wood in a Fire Table from Jensen Outdoor

GLOW

WOOD-LOOK UV PRINT CEMENT RESIN

The look of Ipe; In a fire table from Jensen Outdoor.

The Glow Fire Table revolutionizes the Jensen Outdoor table line by pairing the trusted outdoor performance of a propane-powered 40,000 BTU stainless steel burner with the timeless elegance of deep chocolate-brown Ipe wood look finish to match any Jensen Outdoor Ipe wood collection.

The UV printed cement resin finish is as durable as it is beautiful. Specified to last as long as your Ipe wood furniture, the UV printing process ensures the fine graining of Ipe wood is replicated on the mantel and sides of your fire table.

Light up the night with your commercial-grade, 40,000 BTU, propane burner made of non-combustible 304 stainless steel. The deep gray stainless steel burner cover lifts away for easy storage within the fire table, revealing dazzling amber fire glass.

Comes with a light-gray heavy duty, waterproof all-weather cover with tasteful Jensen Outdoor logo to protect your fire table when not in use.

Meeting the rigorous safety requirements to be CSA® Design Certified, Glow is equipped with a standard thermocouple safety system and hidden accessible control panel with electronic ignition.

OPAL

IN FSC®-CERTIFIED IPE

The jewel of Jensen Outdoor, Opal dazzles with beauty and comfort in any landscape.

The Opal collection features transitional styling masterfully applied to suit deep chocolate-brown ipe hardwood paired with your choice of outdoor performance Sunbrella® fabrics. Opal's signature detail, an open "O" on the upper back of each seating frame, resembles the circular shape of the precious stone that shares its name.

CARE TIPS

For Jensen Outdoor Furniture

Follow these easy care tips to keep your furniture in tip-top shape all year long.

Wood

Ipe and Teak are natural materials that when left alone outdoors will weather to a graceful silver-tone finish. The look and feel of wood is a key appeal to owning natural outdoor wood furniture. To keep yours looking it's best consider these easy care tips:

1. Apply **Wood Shield** to protect against water and food stains, then enjoy your set for the season.
2. As spills, dirt, or dust occur wash with a soft towel and mild dish soap, then rinse clean with water.
3. Teak is meant to be enjoyed with a well-aged silver-patina, as needed repeat steps 1 and 2.
4. Ipe may also be enjoyed with a silver-patina or may be restored to it's 'as new' color by cleaning and applying **Penofin® Verde** as directed.

Cushions

Sunbrella® performance fabrics are made with 100% solution-dyed acrylic to stay color-fast year after year. To keep your cushions in tip-top shape:

1. Apply **Fabric Protector** to cushions to make them stain and mold repellant.
2. It's recommended to place your cushions in a dry, covered space when not in use.
3. As spills, dirt, or dust occur wash with a bristle brush and mild dish soap, then rinse clean with water.

Weave

Handwoven Viro® Fiber is made for outstanding durability. To maintain your woven surfaces:

1. To remove dust, simply clean with a bristle brush and lightly rinse with water as needed.

Never pressure wash your furniture as there is a high risk of damage to the finish. Always follow all directions as indicated on the care supply packaging.

Before: Restore

After: Restore
