Remove contaminated clothing and shoes and launder thoroughly before reusing. In case of persisting adverse effects, consult a physician.

After inhalation

Ensure supply of fresh air.

After skin contact

When in contact with the skin, clean with soap and water.

After eye contact

Remove contact lens. Rinse eye thoroughly under running water keeping eyelids wide open and protecting the unaffected eye (at least 10 to 15 minutes).

After ingestion

Rinse mouth thoroughly with water. Do not induce vomiting. Never give anything by mouth to an unconscious person.

Trade name: Allround Surface Cleaner Product no.: 367999 Current version : 1.0.0, issued: 04.05.2020 Replaced version: -. issued: -Region: USA 4.2 Most important symptoms and effects, both acute and delayed No data available. 4.3 Indication of any immediate medical attention and special treatment needed No data available. **SECTION 5: Fire-fighting measures** 5.1 Extinguishing media Suitable extinguishing media Product itself is non-combustible; use fire extinguishing measures in surrounding areas as necessary. Unsuitable extinguishing media Full water jet 5.2 Specific hazards arising from the chemical In the event of fire, the following can be released: Carbon monoxide (CO); Carbon dioxide (CO2) 5.3 Special protective equipment and precautions for fire-fighters Use self-contained breathing apparatus. Wear protective clothing. **SECTION 6: Accidental release measures** 6.1 Personal precautions, protective equipment and emergency procedures For non-emergency personnel Refer to protective measures listed in sections 7 and 8. For emergency responders Personal protective equipment (PPE) - see Section 8. 6.2 Methods and materials for containment and cleaning up Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in suitable container for disposal. **SECTION 7: Handling and storage** 7.1 Precautions for safe handling

General protective and hygiene measures

Do not eat, drink or smoke during work time. Keep away from foodstuffs and beverages. Wash hands before breaks and after work. Do not inhale vapours.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions

Keep container tightly closed and dry in a cool, well-ventilated place.

Requirements for storage rooms and vessels

Containers which are opened must be carefully resealed and kept upright to prevent leakage. Always keep in containers of same material as the original.

Incompatible products

Substances to be avoided: see chapter 10.

SECTION 8: Exposure controls / personal protection

8.1 Control parameters

Occupational exposure limit(s)

No	Substance name	CAS no.			
1	2-butoxyethanol	111-76-2			
	ACGIH Threshold Limit Values				
	2-Butoxyethanol				
	TWA			20	ppm
	Remarks	A3; BEI			
	OSHA Permissible Exposure Limits (PELS)				
	2-Butoxyethanol				
	TWA	240	mg/m³	50	ppm

8.2 Exposure controls

Product no.: 367999

Current version : 1.0.0, issued: 04.05.2020

Replaced version: -, issued: -

Region: USA

Appropriate engineering controls

Provide good ventilation of working area (local exhaust ventilation if necessary).

Individual protection measures, such as personal protective equipment

Respiratory protection

If workplace exposure limits are exceeded, a respiration protection approved for this particular job must be worn. In case of dust formation, take appropriate measures for breathing protection in the event workplace threshold values are not specified.

Eye / face protection

Safety glasses

Hand protection

In case of intensive contact wear protective gloves. Before use, the protective glove should be tested in any case for its specific workstation suitability (i.e. mechanical resistance, product compatibility and antistatic properties). Adhere to the manufacturer's instructions and information relating to the use, storage, care and replacement of protective gloves. Protective gloves shall be replaced immediately when physically damaged or worn. Design operations thus to avoid permanent use of protective gloves.

Other protection measures

Chemical-resistant work clothes.

Other information No data available.

SECTION 10: Stability and reactivity

10.1 Reactivity

No data available.

10.2 Chemical stability Stable under recommended storage and handling conditions(See section 7).

10.3 Possibility of hazardous reactions

Dangerous reactions are not expecting handling the product according to its intended use.

10.4 Conditions to avoid None known.

10.5 Incompatible materials None known.

10.6 Hazardous decomposition products None, if handled according to intended use.

SECTION 11: Toxicological information

Information on toxicological effects

Acute oral toxicity (result of the ATE calculation for the mixture)			
Remarks	The result of the applied additivity formula according to CFR (Code of Federal		
	Regulations), Title 29, §1910.1200 "Hazard Communication", section A.1.3 is		
	outside the values that imply a classification / labelling of this mixture according		
	to table A.1.1 defining the respective categories (ATE oral > 2000 mg/kg).
