Trade name: Plast Star silicone-free Product no.: 432999 Current version : 1.1.0, issued: 08.07.2020 Replaced version: 1.0.0, issued: 04.05.2020 Region: USA **SECTION 1: Identification** Product identifier 1.1 Trade name Plast Star silicone-free 1.2 Recommended use of the chemical and restrictions on use Recommended use of the chemical and restrictions on use Plastic exterior care, silicone oil-free Restrictions on use No data available. 1.3 Details of the supplier of the safety data sheet Address Koch-Chemie GmbH Einsteinstr. 42 D-59423 Unna Telephone no. +49-2303-9 86 70-0 +49-2303-9 86 70-26 Fax no. 1.4 Emergency phone number (+1) 202 464 2554 SECTION 2: Hazard(s) identification 2.1 **Classification of the chemical** Classification of the chemical in accordance with paragraph (d) of 29 CFR § 1910.1200 "Hazard Communication" Aspiration Hazard - Category 1 Flammable Liquids - Category 2 Skin Corrosion / Irritation - Category 2 Specific Target Organ Toxicity - Single Exposure - narcotic effects - Category 3 Classification of the chemical with regard to hazards for the aquatic environment in accordance with the UN GHS criteria relevant for dangerous goods transport classification Aquatic Chronic - Category 2 2.2 Label elements Pictogram(s) Signal word Danger Hazard Statement(s) Physical hazards Highly flammable liquid and vapor Health hazards May be fatal if swallowed and enters airways Causes skin irritation May cause drowsiness or dizziness Precautionary Statement(s) Prevention Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Keep container tightly closed. Ground/bond container and receiving equipment Use explosion-proof electrical/ventilating/ lighting/equipment. Use non-sparking tools. Take precautionary measures against static discharge. Avoid breathing dust/fume/gas/mist/vapours/spray. Wash exposed skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. Response If swallowed: Immediately call a poison center/doctor-If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. Specific treatment (see first aid instruction on this label).

Trade name: Plast Star silicone-free

Product no.: 432999

Curre	nt version : 1.1.0, issued: 08.07.2020	Replaced version: 1.0.0, issued: 04.05.2020	Region: USA
		Do NOT induce vomiting.	
		If skin irritation occurs: Get medical advice/attention.	
		Take off contaminated clothing and wash it before reuse.	
		In case of fire: Use carbon dioxide (CO2), alcohol resistant foam, extinguis mist to extinguish.	hing powder,water
	Storage	Store in a well-ventilated place. Keep container tightly closed. Store in a well-ventilated place. Keep cool.	
		Store locked up.	
	Disposal	Dispose of contents/container in accordance with local/regional/national/int regulations	ernational
2.3	Labelling information No data available		
2.4	Hazards not otherwise classifi No data available	ed (HNOC)	

SECTION 3: Composition / information on ingredients

3.1 Substances

Not applicable. The product is not a substance.

3.2 Mixtures

Hazardous ingredients

No	Substance name		
	CAS no.	Concentration	%
1	Naphtha (petroleum), hydrotreated light		
	64742-49-0	>= 70.00 - < 90.00	%-b.w.

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

General information

Remove contaminated clothing and shoes immediately, and launder thoroughly before reusing. In case of persisting adverse effects, consult a physician.

After inhalation

Remove affected persons from dangerous area by observing suitable respiratory protection measures. Ensure supply of fresh air. After skin contact

In case of contact with skin wash off with water.

After eye contact

Remove contact lens. Rinse eye thoroughly under running water keeping eyelids wide open and protecting the unaffected eye (at least 10 to 15 minutes).

After ingestion

Rinse mouth thoroughly with water. Do not induce vomiting - aspiration hazard. Never give anything by mouth to an unconscious person.

4.2 Most important symptoms and effects, both acute and delayed

Effects

In the case of swallowing with subsequent vomiting, aspiration of the lungs can occur which can lead to chemical pneumonia or asphyxiation.

4.3 Indication of any immediate medical attention and special treatment needed

No data available.

SECTION 5: Fire-fighting measures

5.1 Extinguishing media

Suitable extinguishing media

Water spray jet; Foam; Carbon dioxide; Dry chemical extinguisher **Unsuitable extinguishing media** Full water jet

5.2 Specific hazards arising from the chemical

In the event of fire, the following can be released: Carbon monoxide (CO); Carbon dioxide (CO2); Vapours are heavier than air and may spread near ground to sources of ignition. May travel considerable distance to source of ignition and flash back.

5.3 Special protective equipment and precautions for fire-fighters

Use self-contained breathing apparatus. Wear full protective suit. Containers close to fire should be transferred to a safe place. Cool

Trade name: Plast Star silicone-free

Product no.: 432999

Current version : 1.1.0, issued: 08.07.2020

Replaced version: 1.0.0, issued: 04.05.2020

Region: USA

closed containers exposed to fire with water. Run-off water from fire fighting must not be discharged into drains or enter surface water.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Refer to protective measures listed in sections 7 and 8. Keep away from ignition sources.

For emergency responders

Personal protective equipment (PPE) - see Section 8.

6.2 Methods and materials for containment and cleaning up

Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in suitable container for disposal.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Precautions for safe handling

Risks inherent to handling the product must be minimised by applying appropriate protective and preventive measures. Working processes should - so far as possible, according to the state of the art - be designed to rule out bodily contact or the release of hazardous substances.

General protective and hygiene measures

Do not eat, drink or smoke during work time. Keep away from foodstuffs and beverages. Do not inhale vapours. Avoid contact with eyes and skin. Wash hands before breaks and after work. Remove contaminated clothing and shoes and launder thoroughly before reusing.

Advice on protection against fire and explosion

Vapours can form an explosive mixture with air. Isolate from sources of heat, sparks and open flame. Take precautionary measures against electrostatic loading (earthing necessary during loading operations). Use explosion-proof equipment/fittings and non-sparking tools.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions

Keep container tightly closed and dry in a cool, well-ventilated place.

Requirements for storage rooms and vessels

Containers which are opened must be carefully resealed and kept upright to prevent leakage. Always keep in containers of same material as the original.

Incompatible products

Substances to be avoided: see chapter 10.

SECTION 8: Exposure controls / personal protection

8.1 Control parameters

No parameters available for monitoring.

8.2 Exposure controls

Appropriate engineering controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and solvent vapour below the PEL (=Permissible Exposure Limit), suitable respiratory protection must be worn.

Individual protection measures, such as personal protective equipment

Respiratory protection

If workplace exposure limits are exceeded, a respiration protection approved for this particular job must be worn. In case of aerosol and mist formation, take appropriate measures for breathing protection in the event workplace threshold values are not specified. Short term: filter apparatus, Filter A; In case of intensive or longer exposure use self-contained breathing apparatus.

Eye / face protection

Tightly fitting safety glasses

Hand protection

Sufficient protection is given wearing suitable protective gloves in the event of risk of skin contact with the product. Before use, the protective glove should be tested in any case for its specific work-station suitability (i.e. mechanical resistance, product compatibility and antistatic properties). Adhere to the manufacturer's instructions and information relating to the use, storage, care and replacement of protective gloves. Protective gloves shall be replaced immediately when physically damaged or worn. Design operations thus to avoid permanent use of protective gloves. Anoropriate Material nitrile

Appropriate Material	nitrile		
Material thickness		0.4	mm

Other information

Other information No data available.

SECTION 10: Stability and reactivity

10.1 Reactivity

No data available.

10.2 Chemical stability Stable under recommended storage and handling conditions(See section 7).

10.3 Possibility of hazardous reactions

Dangerous reactions are not to be expected when handling product according to its intended use.

10.4 Conditions to avoid

Heat, open flames and other sources of ignition.

10.5 Incompatible materials strong oxidising agents

10.6 Hazardous decomposition products None, if handled according to intended use.

SECTION 11: Toxicological information

Information on toxicological effects

KochChemie[®] ExcellenceForExperts.

Trade name: Plast Star silicone-free

Product no.: 432999

Current version : 1.1.0, issued: 08.07.2020

Replaced version: 1.0.0, issued: 04.05.2020

Region: USA

No data available

SECTION 12: Ecological information

12.1 Toxicity

Toxicity to fish (acute)	
No data available	
Toxicity to fish (chronic)	
No data available	
Toxicity to Daphnia (acute)	
No data available	
Toxicity to Daphnia (chronic)	
No data available	
Toxicity to algae (acute)	
No data available	
Toxicity to algae (chronic)	
No data available	

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential No data available.

- 12.4 Mobility in soil
 - No data available.

12.5 Other adverse effects No data available.

12.6 Other information

Other information

Do not discharge into the drains or waters and do not store on public depositories.

SECTION 13: Disposal considerations

13.1 Disposal considerations

Product

Dispose in accordance with federal, state and local regulations.

Packaging

Residuals must be removed from packaging and when emptied completely disposed of in accordance with the regulations for waste removal. Incompletely emptied packaging must be disposed of in accordance with federal, state and local regulations.

SECTION 14: Transport information

14.1	US DOT (Department of Transportation)				
	Transport hazard class Packaging group UN/NA number UN proper shipping name Label code(s) Danger releasing substance	3 II UN1993 Flammable liquids, n.o.s. 3 Naphtha (petroleum), hydrotreated light			
14.2	Transport IMDG Class Packaging group UN number Proper shipping name Danger releasing substance EmS Label	3 II UN1993 FLAMMABLE LIQUID, N.O.S. Naphtha (petroleum), hydrotreated light F-E, S-E 3			
14.3	Transport ICAO-TI / IATA Class Packaging group UN number	3 II UN1993
