School of Beats DJ Program

Designed & Implemented by

Walt White / Global DJ Academy

Exclusive Features & Benefits

STAFF TRAINING:

- On-Site Training for Staff from Walt White, a 20 year veteran music educator and mentor. Walt is one of the top DJ educator in the world, presenting a DJ curriculum that is custom designed for 10-16 year old students on the amazing Denon Engine software platform.

The training will teach your staff how to dj with the same skill set as the top pro djs in the world. Covering topics such as Equipment Functionality, Phrasing, Mixing & Performance Preparation. We also teach your staff how to assemble & trouble shoot, add new music, make recordings and setup events to showcase your students.

EQUIPMENT / MATERIALS:

- Custom Configured Web Portal with access to online curriculum presentations, online teacher tutorials and file sharing portal for new music. The music streams from a cloud service and the entire library is managed by School Of Beats. Class and Performance Playlists are organized on the individual controllers and saved on your equipment.

- Fully loaded 6000+ song DJ library with a Monthly Music Subscription Service from Ultimix. All music is "clean" (profanity free) DJ edits with perfect meta data, Camelot keys embedded, genre sorted and waveforms striped.

- Universal Login Account created to give access to Google Drive, Drop Box, School Of Beats eMail Address, TeamViewer, Ultimix, Apple and Denon.

- Battery Powered Denon Prime 4 DJ System or Denon Prime Go DJ System w/2 year warranty. No power required at students desks during class!

- Denon Prime Hard Flight Case & Headphones

SUPPORT:

- 24/7 Online Remote Support provided by the DJ instructor and mentor, Walt White, to any School Of Beats DJ system for repairs, supplemental tutorials or anything the DJ program might need.

- 24/7 Phone Support provided by directly by Walt White to any School Of Beats DJ Program.

- Licensed Access to our custom learn to dj tutorials for instructors to refresh their knowledge of DJ skills. Videos use our adult version of the School Of Beats Curriculum on the Prezi platform with the Engine Prime Software and the Denon Prime Controllers.
