DOWNLOAD

Disk Inventory X For Mac Download

Disk Inventory X is a disk usage utility for Mac OS X 10.3 (and later). It shows the sizes of files and folders in a special graphical way called 'treemaps'. If you've ever wondered where all your disk space has gone, Disk Inventory X will help you to answer this question. Disk Inventory X is a freeware disk analysis software. Still, this tool displays the use of the disk space by files and folders using Treemaps. With this software, you will no longer have to wonder where the disk space has disappeared to, but rather you will always tell. GetFoldersize for Windows.
