WARRANTY

Signature Streetscapes products are warranted to be free from defects in both material and workmanship for one year. We will replace or repair all defective products upon return freight prepaid. Our warranty does not cover costs associated with labor for installation or products damaged due to improper use or installation.

LEAD-TIMES

Most of our products are custom-built to order, while others are standard components in-stock ready for immediate shipment. We pride ourselves on scheduling accurate lead times and meeting those commitments for our customers.

DESIGN SERVICES

Our in-house design team is here to assist you. Most of our design services are offered free of charge to provide you with accurate specification drawings for approval by your committee or board.

SHIPPING

Our shipping department doesn't consider the job done until you receive your project in good condition. We are meticulous when it comes to the details in how your order is packaged, including all hardware and instructions included on the order. When it comes to logistics we leverage our volume to deliver you the best possible freight and shipping costs in the industry. A significant amount of finished product is stored in our warehouse so we can fulfill your order in the shortest possible time.
