

Diffuser Cheat Sheet

DAVINCI-PENTHOUSE

SET CURRENT DATE & TIME

The diffusers run on military time

- Press SET x 1:** Select the **hour** (press up or down arrows)
Press SET x 2: Select the **minutes** (press up or down arrows)
Press SET x 3: Select the **day** (little triangle indicates what day is currently selected, uses arrows to change)

SET THE VOLUME, LEVEL & mL/H

- Press SET x 4:** Adjust **volume** to **200** (press up or down arrows)
Press SET x 5: Adjust **level** to **200** (press up or down arrows)
Press SET x 6: Adjust **mL/H** to **5.0** (press up or down arrows)
Press SET x 7: Takes you back to the home screen and saves the settings

The diffuser should have a green light to indicate that there is a full bottle of oil

SETTING UP EVENTS

*Events let the diffuser know when to run. You can set up to 5 **unique** events*

Press MODE x 1: Turn Event 1 **ON - THEN**

- **Press SET x 1:** Set the hour the event should **START**
- **Press SET x 2:** Set the minute the event should **START**
- **Press SET x 3:** Set the day(s) the event should run
 - *If you wish to deselect/ select a day, go to that day and press the power button, and the triangle will either appear (select) or disappear (deselect)*

SETTING UP EVENTS (cont.)

Press MODE x 2: Turn Event 1 **OFF - THEN**

- **Press SET x 1:** Set the hour the event should **END**
- **Press SET x 2:** Set the minute the event should **END**

Press MODE x 3: Set the **WORK**

- *This is the running/misting time during the event*

Press MODE x 4: Set the **PAUSE**

- *This is the pause/non-misting time during the event*

Repeat steps for 'Setting Up Events' to add additional events

Diffuser Cheat Sheet

RECOMMENDED SETTINGS

Stand Alone

Event 1 ON - 08:00
Event 1 OFF - 22:00

Work: 30 Pause: 170

GOOD TO KNOW

- You can not have any overlapping events, if any events are overlapping, the machine will **not** scent
 - Example:
 - Event 1: Monday-Friday 9 am-5 pm
 - Event 2: Monday- Wednesday 1 pm-3 pm
- You can **lock and unlock the touchscreen** by holding the SET button until the machine beeps. *A lock will display on the screen when it is locked*
- You can **reset the machine** by holding the MODE button
- You can **turn the light on the diffuser on and off** by holding the POWER button
- The color shown on the diffuser indicates how much oil is left in the machine
 - **Green:** More than 50% of the oil remaining
 - **Blue:** Between 25-50% of the oil remaining
 - **Red:** Less than 25% of the oil remaining
- If a new bottle of oil is put in the diffuser and the light is still blue or red, reset the volume and level
- Volume is the size of the bottle in the machine, Level is the amount of oil in the machine
