CANIS

# YOUR NEW BEST FRIEND

*Combining low rolling resistance with a lot of traction, the CANIS tread offers both the ferocity of a wolf and the reliability of your neighbour's dog. The CANIS: Cross Country and Marathon riders' new best friend.*

# FAST SIBLING

*The Porcupine's little sibling combines low rolling resistance and a defined tread into a package that makes the CANIS a real all-rounder for the Cross Country segment.*

Modernized sizing: 2.3" instead of 2.25"

Additional side knobs for improved cornering grip

Redesigned centre tread for optimized rolling resistance and brake performance

**NEW**

Based on the iconic tread design of the long-established and well-proven CANIS, the latest iteration introduces some new features while keeping the key design that allows the CANIS to continue to excel in its element.

*Ramped knobs provide low rolling resistance and guarantee continuous ground contact*

*Defined side knobs for traction on softer terrain*

*Dual support to prevent sideknobs from folding while cornering*

## **CHARACTERISTICS**

*From softer and muddier terrain to bone-dry and hard-packed trails: Thanks to the proven design our CANIS can handle it all.*
